Cyanide death here?

By NANCY WEIL
and PAT FOLEY
of the Press-Record

The investigation into the apparent cyanide death Thursday of Raymond E. Gouch, 41, of 2161 Lee Ave., continued today as authorities planned for the removal of 200 containers and bottles of various chemicals and some acids from the home.

The remote possibility that the chemicals might be linked to the seven Chicago-area deaths from cyanide in Extra-Strength Tylenol capsules is being explored.

Mr. Gouch's apparent suicide took on a bizarre twist when local detectives and state Division of Criminal Investigation (DCI) agents arrived Thursday and found a large number of containers of chemicals, some of which were marked, in virtually every room of the two-story dwelling. Cases of drugs and containers apparently filled with various types of acid also were found in the home. Authorities say they do not know why Mr. Gouch kept chemicals in his home or for what they were to be used.

At least one container was marked sodium cyanide and authorities from the Environmental Emergency Services Co. in St. Louis indicated Friday that the substance was sodium cyanide. Authorities also were investigating the possibility that some jars contained potassium cyanide, the same lethal substance that was found in the Tylenol capsules which killed seven.

The DCI announced Friday that the preliminary investigation does not indicate any link between Mr. Gouch and the Tylenol-killer.

"With the importance of the Tylenol case, all avenues are being pursued," said Randall Rushing, DCI agent in charge of the investigation. He added that he "doubts seriously" a link will be found.

Mr. Gouch's body, which was found fully-clothed, without shoes, on a bed in the home, was removed from the residence nearly three hours after authorities arrived. A suicide note also was found, but officials refused to say what was contained in the note.

Rushing said that the note was brief. Deputy Coroner William Sternberg pronounced Mr. Gouch dead at the scene at 1:25 a.m. Thursday. Officials were, however, reluctant to remove the body from the home until DCI agents arrived and it could be determined if the body contained cyanide, which can be lethal if absorbed by the skin.

A Chicago toxicologist, reportedly in charge of investigating the seven

Chicago Tylenol-cyanide deaths, arrived Thursday night to examine organs removed from Mr. Gouch's body in an autopsy.

Authorities at the scene acted with extreme caution throughout Thursday and Friday after barricading the 2100 block of Lee Avenue. Local detectives told the Press-Record that an extremely strong acid-like smell permeated the home.

"It smells like a laboratory in there," said Detective Tony Eck. There was not, however, evidence that indicated Gouch had a sophisticated laboratory in the home, Rushing said.

After finding the massive amount of chemicals, which were contained in various quantities, and acids, some of which were believed to be lethal, DCI agents and local detectives requested assistance from the Illinois Environ-

mental Protection Agency (IEPA) and the Department of Public Health.

Throughout Thursday afternoon, there were more than 20 officials from about eight different agencies investigating at the home.

As the agents swarmed around the outside and inside of the residence, the curious were kept at bay by officials. A uniformed guard rotation has been established by Granite City police to watch the home on a 24-hour basis until the investigation is complete because Rushing said a real threat to safety would occur if someone were to enter the home.

The DCI announced Friday at noon that there is no immediate danger from the chemicals and acids. "Apparently the chemicals had been there for quite some time without posing a threat," Rushing said.

IEPA officials, however, told DCI agents not to enter the home on Friday. An inventory of the chemicals and other substances was being conducted Friday afternoon and it was expected to take at least a day to complete.

"I'll take a van or a small truck to haul all of the stuff that's in there," said Bill Simpson, DCI agent.

Authorities Thursday removed a trunkload of drugs, including pharmaceuticals, from the home. The drugs mostly were contained in boxes and some appeared to be physician's

samples.

Tranquilizers and two cases containing about 10,000 tablets of a hypertensive diuretic called Zoroxolyn were found. A bottle of Zoroxolyn also was found in the medicine cabinet.

An application was found that indicated Mr. Gouch had three years background in chemistry and physics. Authorities would not say if the application was for a job or for school.

Mr. Gouch apparently was despondent when he left the home of Gerald Oros in St. Peters, Mo., early Thursday and had threatened either to kill himself or check into a hospital.

Oros called his father, Paul, a Granite City resident, and asked him to check on Mr. Gouch. When he arrived at the home, Oros received no answer to his knocks and could not see in the window. He called his son, who

Little evidence to link poison with Tylenol deaths

ASSESSING DANGER. Granite City detectives and agents of the state Division of Criminal Investigation discuss what precautions to take to insure the safety of the neighborhood near the home of Raymond Gouch, 2161 Lee Ave., Thursday afternoon after massive quantities of hazardous chemicals, including sodium cyanide, were found in the home. Mr. Gouch, who was found dead in the home earlier that day, is believed to be the victim of cyanide poisoning.

'Taking it to the streets'

By GEORGEANN McGEE
of the Press-Record

The same way the Gospels first reached the throngs is the way the Rev. Jewel W. Morris, pastor of the First Life Fellowship Church, plans to reach the people of Granite City.

He will be out preaching in the streets, but this time, the Gospels will come from the back of a flat-bed truck with barricades to keep out the traffic.

Last week, not overwhelmingly, the Granite City Council 8 to 5 approved the

reverend's first "street crusade," set for Oct. 21 on Benton Street, between 21st and 22nd streets. Eventually, the reverend hopes to carry his crusade throughout the city.

Although some details have yet to be worked out between the pastor and the police department, Rev. Morris feels confident that any technical problems can be solved and every Thursday evening, weather and council permitting, the reverend and friends will be trying to attract their "captives" to church.

listeners.

"We're going to get some static from residents. I'm sure," he said, of his doorstep approach.

In a preliminary scouting and preaching trip of the city, he has been "dog bit and ran off," but considers these only as mild inconveniences. He also got the impression there were those individuals who were interested in what he had to say, but not yet ready to go to church. "Give 'em half a chance,"

Complete rebuilding of 'C' coke ovens will produce jobs

Reconstruction of the "C" coke oven battery at the Granite City Steel Division of National Steel Corporation will begin this month, said G. Watts Humphrey Jr., president of National Steel Group. Demolition of the old oven is well underway.

"This project marks a major step toward completion of the coke oven rebuilding program at Granite City Steel which was begun several years

ago," said Humphrey. "When the project is completed next year, Granite City facilities will be among the most modern in the steel industry."

"The Granite City Steel plant has the potential to become the lowest cost producer for the markets it serves," said Humphrey. "We believe this is a sound investment in Granite City Steel's future and is in line with our ongoing effort to direct capital funds to

areas of high potential return. It also underscores the need for all Granite City Steel employees to reduce all costs so that the entire division will benefit from a stronger competitive position in the marketplace."

"C" battery will have 47 ovens and a capacity to produce more than 260,000 tons of coke per year. It will be equipped with the best environmental

SEC was outwitted—Brimberry

Thomas R. Brimberry, 39, of Arizona, a former Granite Cityan who allegedly is to be charged soon with a tax felony in the Stix & Co. brokerage collapse, is said to believe he has outwitted the U.S. Securities and Exchange Commission and in the future "will make a lot of money again."

His comments in a series of telephone calls from December 1981 to October 1982 were reported Sunday by the St. Louis Post-Dispatch. It quotes Brimberry as saying his main regret is that he did not obtain an additional \$2 million from the looted firm.

The former senior vice-president for operations is said to feel he embarrassed the federal government, and

IT'S A CELEBRATION. Local sports fans had much to cheer about this weekend as Granite City High School South won the prestigious soccer Tournament of Champions here, 15 minutes before the St. Louis Cardinals baseball team won its second game of the playoff series at Busch Stadium. Fans shown at

South's 1-0 soccer victory over McCluer North Saturday night include Melissa Russell, front left, Marie Longos, front center, and behind them, Jackie Einhart, John Konkovich and Kellie Wilson, among others. The Cards followed suit last night, clinching the National League championship.

The Cost of Illness Was Always High

A few years ago, many illnesses meant repeated medical expenses, long and costly convalescence, and protracted loss of income.

Today, these illnesses are quickly cured with potent drugs costing only pennies a dose.

Truly, so little money never bought so much cure as it does in today's prescribed medicines. This is the "miracle" of the miracle drugs.

Fewer unoccupied homes in area

Housing vacancy rates locally are generally lower than last year's rates, according to the recently-released Postal Vacancy Survey for the Illinois portion of the St. Louis Standard Metropolitan Statistical Area (SMSA).

The overall multifamily vacancy rate is lower for the total survey area, dropping from 5 percent last year to 4.1 percent this year. The overall single-family vacancy rate remained 1.8 percent.

In Madison County, the overall rate decreased slightly, from 2.4 percent last year to 2.3 percent. Single-family vacancy also showed a slight decrease from 1.9 to this year's 1.7 percent. The multi-family vacancy, however, increased from 5.1 to 5.2 percent.

In Granite City, the overall total remained 1.9 percent. The single-family vacancy rate increased from 1.3 to this year's 1.4 percent with the multi-family vacancy rate decreasing from 4.4 to 4.2 percent.

Madison and Venice showed the most dramatic changes from last year. Madison's overall vacancy rate decreased from last year's 2.9 percent to the present 2.6 percent. The single-family vacancy rate decreased from 3.1 percent to 1.8 percent. Multi-family

vacancies, however, significantly increased from 2.5 percent to 6.6 percent, according to the survey.

In Venice, the total increased most significantly from 3.9 percent last year to the current 12.1 percent. Single-family vacancies decreased from 3.2 percent to 0.6 percent and the multi-family vacancy rate rose from 3.4 to 16.9 percent.

For the entire survey area, the number of all housing types under construction plummeted from 622 last year to 282 this year, a 55 percent decrease.

Multi-family units decreased from 285 to 122. The number of units vacant or under construction for the Illinois survey area dropped from last year's 3,947 to 3,669 this year.

The total vacancy rate for mobile homes is 2.9 percent, up from last year's 2.8 percent figure.

The Housing Vacancy Survey of selected areas of the St. Louis SMSA, Illinois portion, was conducted under an inter-agency agreement between the U.S. Postal Service and the Federal Home Loan Bank Board. The survey was funded by the U.S. Department of Housing and Urban Development, Office of Policy Development and Research under an inter-agency agreement with the Federal Home Loan Bank Board.

New officers are chosen for SEMC board

Dr. Leo Sachar has been elected chairman of the Governing Board of St. Elizabeth Medical Center. The board also elected Mitch Milonski vice-chairman and Sister Mary Thomas in this position.

Dr. Sachar, a St. Louis surgeon, has been on the Governing Board since 1972 and has been a member of SEMC's medical staff since 1955. Dr. Sachar succeeds Sister Mary Thomas in this position.

Milonski has been on the SEMC Governing Board for six years. He is retired from American Steel Foundries where he was works manager for 30 years. Milonski spearheaded the Community Development Drive to raise funds for SEMC's recently-completed construction program.

Sister Lucy is Mother Provincial of the community of the Sisters of Divine Providence. She received a bachelor's degree in English from St. Louis University and a master's degree in theology from Notre Dame University. She has been an elementary school teacher, a principal and director of religious education, serving at a number of schools operated by the Sisters of Divine Providence, both in Illinois and Missouri.

The newly-elected officers assumed their duties immediately after the election. The Governing Board manages the business and property of the Sisters of Divine Providence Illinois Corporation, owners of St. Elizabeth Medical Center. In another election, Dr. Abdul Razzaq was elected president of SEMC's medical staff. Also elected were Dr. Alex Datin, president-elect, and Dr. Vinod Seth, secretary-treasurer.

Dr. Razzaq is an internist, specializing in cardiology. He attended medical school at New York Medical College and served residency at Mt. Sinai Hospital in New

York City. He served his residency in cardiology at Barnes Hospital and received post-graduate training in England. He is a Fellow of the Royal College of Physicians in London and in 1979 became a Fellow of the American College of Chest Physicians.

Dr. Razzaq was chief of the Department of Internal Medicine at SEMC from 1975 to 1978. He has been chairman of the Medical Audit Committee and member of the Quality Assurance Committee and Capital Fund Drive Committee.

Dr. Datin, a neurologist and psychiatrist, has been on staff at SEMC for 14 years. He served his residency at Barnes, where he is on clinical staff. He served his residency in neurology at the University of Newcastle, Newcastle-upon-Tyne, England, where he also served on clinical staff. He is an instructor at Washington University Medical School, St. Louis.

Dr. Seth, an internist specializing in pulmonary and infectious diseases, served his residencies in internal medicine and infectious diseases at Barnes Hospital. He is an instructor in the Pulmonary Division at Washington University Medical School.

FREE DIABETES TEST AT ST. ELIZABETH'S

The American Diabetes Association, Greater St. Louis Affiliate, is offering free screening for diabetes at the St. Elizabeth's health fair, to be held on Oct. 19 and 20, from 9 a.m. to 3 p.m. both days.

For an accurate test, a person must have eaten at least 100 grams of carbohydrates two hours prior to testing. They should not eat or drink anything else except water in the two hours prior to the test.

THE GOVERNORS. New officers of the governing board of St. Elizabeth Medical Center include Sister Lucy and Mitch Milonski, seated, and Dr. Leo Sachar, standing.

Local DeMolay Chapter hosts region meeting

James Stuart Chapter Order of DeMolay, hosted Illinois DeMolay's Region Two meeting at the Masonic Temple, last week. The program chaired by Alan Ferguson, state master counselor, included a morning worship service and talk when he stressed leadership, presented remarks by the founder of the order, the late Frank S. Land, and spoke of programs offered by DeMolay and a critique on the annual DeMolay state convocation.

Attending from the local chapter were, Brett Carner, Jeff Chaboude, Robbie Ishum, Ralph F. McKinney Jr., Neal Mize, Tim Mizell, Antonio Narvaez, Jimmy K. Stuart and Todd Todor and advisor, Charles A. Meyer and Jimmy E. Stuart.

The host chapter's Mother's Club provided lunch in the dining room with vice-president Mrs. Barbara McKinney, Mrs. Renee Buckingham, Mrs. Jo Meyer, Mrs. Charlotte Mize, and Mrs. Mary Stuart from the local Mothers Club, Mrs. Jean Johnson from Columbia, and Mrs. Betty Klaus of Edwardsville serving.

The local chapter also attended a District 16 meeting at the Collinsville Masonic Temple the preceding week and returned with the traveling van for most members in attendance. Attending were, Master Councilor-elect David Medley, Jeff Chaboude, John Donjan, John Roland, Jerry Singleton Jr., Jimmy K. Stuart. They were accompanied by advisors Deane Pritchett and Jimmy E. Stuart.

The mothers clubs met in a separate session. Mrs. Mary Stuart, President of the Illinois Council of DeMolay Mothers, was honored at a reception by the District 16 mothers. Also recognized were new state officers, Carolyn Wells, vice-president, Betty Klaus, president's aide and Jo Meyer, historian. Other mothers from the local club present were: Mrs. Charlotte Mize and Mrs. Verna Stuart.

Following an association report by Richard D. Wiser, IASB director of field services, and a musical presentation by Civic Memorial High School students, participants will have choice of five panel discussions.

The IASB is a voluntary service organization of 925 school boards in Illinois, with headquarters in Springfield. The Southwestern Division includes the following counties: Jersey, Madison, Monroe, Randolph and St. Clair.

Norman S. Owca, director of the Granite City school district, will speak on "Pros and Cons of Contracting Services."

Wilbert Glasper of the Venice Board of Education will preside at the session on "Truancy Prevention."

Owca, Glasper on program at regional dinner

Truancy prevention, how to increase public confidence in the schools, pros and cons of contracting services, administrative use of microcomputers, and Illinois High School Association policies will be among the topics when area school board members and superintendents meet Wednesday, Oct. 13, at Civic Memorial High School in Bethalto.

The semi-annual conference and dinner meeting for member districts of the Southwestern Division of the Illinois Association of School Boards (IASB) will begin with registration at 5:30 p.m. and dinner at 6 p.m.

Following an association report by Richard D. Wiser, IASB director of field services, and a musical presentation by Civic Memorial High School students, participants will have choice of five panel discussions.

Pilot program to stem drug abuse unveiled

by DONNA KIMBLE
of the Press-Record

A new concept in education level to combat drug abuse was presented by Mrs. Jean Schram, prevention coordinator of Plana Self Care, Inc., Madison County Council (formerly the Madison County Council on Alcoholism and Drug Dependency), at a kickoff meeting at North High School.

In her introductory remarks, Mrs. Schram explained the technique for training teachers in this newest approach in drug abuse and prevention programs. Although financial aid has been cut during the last two years in prevention and social services areas, two staff members have been added locally since Madison County is considered a high risk area for drugs, she explained.

She said, "There are three levels to consider when working with individuals in

the drug abuse field and the initial step is with children, pregnant women and the elderly, who are taking prescription drugs and must keep the dosage straight."

Teachers and parents are encouraged to learn together the skills when dealing with this type of problem, and must have adequate information on specific drugs and alternatives to offer the drug user to be effective in trying to correct the pattern, the speaker added.

In continuing her informative talk, Mrs. Schram said there should be group meetings in schools, family circles and churches to discuss all aspects of drug or alcohol involvement. Society develops attitudes and, since this is a nation of chemical relief, the young learn early to assume an adult attitude to drugs, both in the classroom and in the physician's prescription.

Prevention is everyone's responsibility, not just teachers, schools and the police departments, she said.

Today, parents are more willing to admit their child is under the influence of drugs and are helping more with treatment or solution to rehabilitate the young person.

"Drugs are there," the speaker emphasized, and children usually have no problem and no reason for trying drugs but for many reasons. Drugs are easily available, many times at school or from the family medicine cabinet. Some of the reasons for trying drugs or drinking is peer pressure. "Since young people do not want to be different, they go along with others. Adults set examples where there is widespread use of alcohol and tranquilizers. Trying to be grown up is another reason."

"Youths sometimes try drugs out of boredom or to be rebellious. They usually have a lack of goals and, when problems do arise, drugs relieve anxiety," she said.

When trying drugs or

alcohol, or both, many young people are unaware of the consequences and harm to their bodies, if continued.

"For years, marijuana was thought to be no more than a mild intoxicant, less harmful to the user than tobacco or alcohol. Recent scientific studies reveal just the opposite. Medical researchers have found that smoking marijuana can lead to severe and sometimes irreversible physical and psychological damage, Mrs. Schram told the audience.

Informational papers were distributed to about 60 adults who attended the meeting. They included Prevention through Education, which outlined facts a person should know about marijuana; a youth service project list, prepared by Plana Self Care; a descriptive outline on most drugs, giving their physical symptoms and paraphernalia used; a code for parents to follow; and a drawing of the human body showing the effects of alcohol on mind

and body.

This pilot program at Maryville School will start in the kindergarten level and continue in each of the grade levels. Teachers will integrate the subject into the curriculum and will not be taught as a special course.

To educate the children to know the drug and its potential hazard to the health and mind and be aware of the dangers, there are organizations, parents, educators and other people who will talk with them if a problem related to drugs arises, are most important to the overall project.

Jack Mulach, principal of Maryville School, addressed the audience, noting that this is the only such pilot project in the state at the elementary school level. If it is successful, there are hopes of securing funds to expand the venture to schools throughout the state.

During the evening, a film prepared by Dr. David Ohlms, who is involved in

adolescent chemical dependency in St. Louis, was shown.

Mrs. Schram suggested this type of film could be purchased by several PTA units for use in other schools to show a comprehensive picture of the drug problem and the need to seek professional help.

Some of the new medical and scientific findings on marijuana and its effects on the mind and body are: 1960 marijuanas is 10 to 20 times stronger than 1960 marijuanas and now accounts for the second largest number of admissions to drug treatment centers nationwide.

The main psychoactive ingredient in marijuana, THC, is fat soluble, not water soluble like alcohol, which washes quickly out of the body. THC is absorbed by all the cells in the body, especially those of the brain and reproductive organs, because of their unusually high fat content. Twenty percent of the THC is still active in the body after one month. This means that anyone who smokes marijuana more than once a month is never drug free and is constantly adding to the amount of the THC already in his body.

Marijuana use increases the heart rate as much as 50 percent and, because of its fat solubility, THC builds heavily in the brain. Recent clinical evidence shows that a youth only has to smoke less than two marijuana cigarettes per week for three months before persistent brain damage begins to develop.

Other damage could be in the lungs, causing a narrowing of both the large and smaller airways, tissue destruction and chronic inflammation.

Chemical and biochemical research into the effects of marijuana only began in this country in the early 1970's and most scientific findings were published only in medical journals. Subsequently, little was made known to the general public.

As Peter Bensing, administrator of the Drug Enforcement Administration, said, "The evidence now with respect to marijuana is clear and unequivocal. There is no longer a lack of evidence, there is a lack of communication."

Chiropractor opens Back Pain Clinic

Dr. James Gudel and family have taken up residence in Granite City. Dr. Gudel is director of the Back Pain Clinic, 2861 Madison Ave.

He received a bachelor's degree in physical therapy from the University of Oklahoma and a doctorate in chiropractic from Logan College of Chiropractic. Dr. Gudel has specialized in painless, non-forceful chiropractic adjusting techniques and physical rehabilitation. He has served as team doctor for high school and college athletic teams. He currently is an associate professor at Logan College of Chiropractic, teaching in the mornings and practicing in Granite City in the afternoons and evenings.

He also is a distance runner, having completed several 26.2 mile marathons, including the Boston Marathon, and he ran in the 1980 U.S. Olympic Marathon Trials in Buffalo, N.Y.

Dr. Gudel and his wife, Kathy, have a 14-year-old daughter attending Granite City High School South and an 11-year-old son attending Sacred Heart School.

GENEALOGICAL GROUP MEETS THURSDAY

Carl R. Balwin will discuss his research of 18th Century pioneers in Madison and St. Clair counties during the Madison County Genealogical Society's regular meeting at 7 p.m. Thursday at Immanuel United Methodist Church, 800 N. Main St., Edwardsville.

Balwin, a journalist, has taught numerous young reporters at SIU-Carbondale, Washington and St. Louis Universities, the University of Missouri at St. Louis and at the St. Louis Post Dispatch.

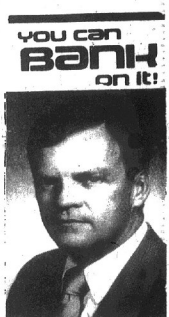

He fought racketeering and corruption in public office and is credited with contributing to the sending of 41 racketeers to prison.

WILLIAM PATTON
Exec. Vice-President

Q. We've heard a lot of pros and cons concerning two income families. We've considered these and have decided my wife will return to work for the first time in nine years. Do you have any warnings about the new financial structure of our family?

A. Yes. You need to be aware there is sometimes a situation created when an extra breadwinner begins bringing in that extra paycheck. The temptation to build up too great a debt load. The erroneous reasoning is: We have more coming in, therefore we can afford to do some of the things we've always wanted. Always temper that reasoning with the stark realization of why you now have two incomes instead of one. Because apparently one was not quite enough. A good rule of thumb is don't commit payments (not including the mortgage). Liquidate the debts which worried you enough to become a two-income family. THEN begin thinking in terms of some of the things you've always wanted.

GRANITE CITY TRUST

Local man sells computer phone system to motel chain

"One of the largest call accounting equipment contracts in the telecommunications industry has been negotiated by Steve Rowland of Granite City for United Technologies Communications Company, which will provide approximately \$7 million in call accounting equipment to Holiday Inns, Inc."

Holiday Inns will use the equipment in the resale of long distance telephone services in 120 of its wholly-owned hotels in the United States. The equipment will allow the hotel chain to automatically record the

cost and surcharge of all long distance calls made from the hotel rooms.

United Technologies Communications Company will provide Holiday Inns with its DynaCall package, which consists of a ring scanning, call pricing and other office applications, and a cashless system for identification of each guest's phone charges at checkout time.

A special module, which will automatically route long distance calls to the least expensive way, will be added to the package early next year.

The equipment in the DynaCall package was designed and manufactured by Com Dev, a United

Technologies subsidiary in Sarasota, Fla.

A special United Technologies Communications Company management team has been assigned to Holiday Inns' headquarters in Memphis, Tenn., to oversee the project.

Rowland has been a resident of Granite City for the past six years. He lives with his wife, Donna, and their three children, Nathan, 14, Benjamin, 6, and Matthew, 1/2, in Arlington Heights.

Rowland is a native of Camden, S.C., and moved to the St. Louis area in 1978. He worked for Southwestern Bell before joining as an account executive in 1980.

First child for James Gerstners

James and Carole Gerstner, 3801 Lake Drive Lot 223, Pontoon Beach, are announcing the birth of their first child, a son, Jeremiah James, born Sept. 30 at Oliver C. Anderson Hospital, Maryville. The new arrival weighed nine pounds, seven and a half ounces.

Paternal grandparents are Oscar J. and Margaret Gerstner, 2357 Emert Ave., and paternal grandparents are Vernon and Ann Vasquez, 2224 Edwards St.

Paternal great-grandparents are James Carroll and Oscar Gerstner Sr., both of St. Louis, and maternal great-grandparents are Rosalie Vasquez of Lenzburg, Ill., and Mary Parks of Granite City.

FALL WORKSHOP FOR LUTHERANS

The Lutheran Women's Missionary League, Metro Central Zone, will hold its fall workshop Thursday at St. John Lutheran Church in Collinsville.

The topic is "A Spirit-Directed Church," edited by Gertrude Werning, zone Christian growth chairman, presented by members of the zone board. Discussion will follow.

Those attending are urged to bring Bibles. Registration is at 7:15 p.m. and the program will begin at 7:30.

BIRTHS

Births recorded at St. Elizabeth Medical Center include:

GIRLS
Mr. and Mrs. James Reader, 2031 Missouri Ave., Oct. 8, Jessica Lynn, seven pounds, 12 ounces.

Mr. and Mrs. Edward Zaring, 1636 Second St., Madison, Oct. 8, Amanda Lynn, seven pounds, one ounce.

Mr. and Mrs. Frank Dillallo, 2519 Washington Ave., Oct. 9, Madeline Mae, eight pounds, 12 ounces.

BOYS
Mr. and Mrs. William Wheeler, W. River, Oct. 7, Jason William, nine pounds, five ounces.

Mr. and Mrs. Jeff Sanford, 184 Thomas Terry Apts., Oct. 9, Jason Allen, six pounds, three ounces.

Mr. and Mrs. Jerry Zessinger, 3900 Gaslight Walk Apts., Oct. 9, Todd Matthew, 10 pounds, 10 ounces.

Mr. and Mrs. Calvin Powell Jr., Rural Route Two, Oct. 11, Calvin Arthur III, seven pounds, 15 ounces.

Mitchell

BUS TRIP THIS WEEK

The Senior Citizens of Chouteau Township will go on a bus trip and attend Thursday, Oct. 14, to Hannibal, Mo. The bus will leave the Township Hall at 8 a.m. Those wishing to go may call 797-0268.

Mrs. Gertrude Boyle has returned from Rochester, Minn., where she underwent hip surgery at the Rochester Methodist Hospital.

Mr. and Mrs. Jones of Barkley Street has returned home from Pella, Iowa, where she spent two weeks visiting her son-in-law and daughter, Mr. and Mrs. Bill Weigand and family.

Maxwell gives tips on meeting techniques

Bob Maxwell, supervisor of training at Granite City Steel and secretary of the Granite City Board of Directors, also suggested that Granite City Optimists suggestions for time-saving tactics during executive-level meetings.

During the talk, he stressed various ways executives can best utilize meeting time. Maxwell suggested that executives clearly state what the meeting is intended to accomplish and then include only those who can make the

best contributions. A specific agenda should be circulated and all those who attend should be prepared, he said. About 9 p.m. Two to four meetings should be timed and that it is best to meet around lunchtime or late in the day, as those are usual break times. Before ending discussion on an item, the person in charge of a follow-up should be notified and an action memo should be circulated within a few days after the meeting, he said.

CHEERLEADER CLINIC OFFERED WEDNESDAY

A cheerleading clinic, sponsored by the World Cheerleading Council of Dallas, Texas, will be conducted Wednesday afternoon and evening at Metro-East Lutheran High School in Edwardsville. The clinic will begin at 4 p.m. and conclude about 9 p.m. Two to four cheers, various pom-pom steps and suggestions for mounts, pep assembly, sportsmanship and leadership will be included. Registration will be available at the door for \$8 per person. Additional details may be obtained by calling the school's athletic department at 1-656-0043.

DIXON MOBILE VAN HERE ON THURSDAY

Quid-City area residents can bring their problems directly to U.S. Sen. Alan J. Dixon's mobile office Thursday morning outside the Granite City Hall. Niedringhaus and Edison avenues. A staff assistance will handle problems or complaints. Free brochures will be available to assist area residents with matters related to the federal government.

The mobile office will be here from 10 to 11:30 a.m. Thursday. Other stops this week are in Shelbyville, Effingham, Newton and Mascoutah.

BATTERY ARREST

David Richardson of Pontoon Beach was arrested by village officers for battery Friday at 1:20 a.m. after he allegedly struck Sheriff's Sgt. Robert C. Beach several times in the face and head and kicked her.

Additional GC Council actions

Other Granite City Council actions and discussions last week included the following.

Parking and non-moving traffic violators have to pay heavier fines for such acts as parking on the sidewalk, parking in no parking zones, or failing to feed the parking meters. The vote was unanimous to increase parking meter ticket fines from \$1 to \$3, if paid within 24 hours, and from \$2 to \$5, if paid after that time period. Non-moving traffic fines were hiked from \$5 to \$10, if paid within 24 hours, increasing to \$15 after that.

Mayor Paul Schuler, a member of the Madison County Transit Board, has asked aldermen to inventory their wards and return with suggested locations for bus shelters. The Bi-State Development Agency plans to construct and pay for some shelters here, the mayor said.

Fourth Ward Aldermen Sharon Porjak, streets and alley committee chairman, announced plans for a street department garage sale, of sorts. Among the items to go to the highest bidders are a discarded light truck, a truck that once flushed out city sewers, and an out-of-commission street sweeper, according to Street Superintendent Mack Warfield.

The aldermen voted to place on file a resolution from the Granite City Police Pension Fund Board, protesting the size of payments to its pension fund. The board passed the resolution Sept. 21 on behalf of all policemen and beneficiaries. They are objecting to amounts paid into their pension that are less than those needed to cover state-suggested reserves.

A \$2,988 bid was accepted from Amco Plumbing and Heating Co. for the repair and remodeling of the city hall boiler. Boiler malfunctions last winter caused hardships for city employees and some local office hours for the public. The council also approved putting out roofing bids for the Granite City Wastewater Treatment Plant filter building. Tomorrow, bids will be opened for a new Hunne Shelter roof. Fourth Ward Alderman Warren Decatur, city buildings committee chairman, said.

City employees will be allowed an hour off tomorrow to ribbon-cut in the American Red Cross Tri-City Chapter blood drive, which will be conducted from 2 to 7 p.m. at 2100 Edison Ave.

GARY SCHNEIDER, Editor

Answering a burning question

Up in a cloud of smoke. It sounds so simple, but it's not.

"Take left over lumber, for instance. If it is burned in a pile outdoors, it is illegal. If it is taken inside and used in a fireplace it is legal. If it is burned in a stack outdoors, but someone holds a hot dog or a marshmallow over the fire, it is legal as a recreational campfire. Add a rubber tire to the fire and it becomes highly illegal.

At issue is cleaning up the air. However, it is legal in most areas to burn leaves, which produce billowing clouds of smoke, but it is illegal to burn paper outdoors, which produces little smoke.

It is legal to smoke cigarettes outdoors, even though they break both the paper burning and landscape waste burning rules of the Environmental Protection Agency. (Vegetation, such as grass, shrubbery cuttings, leaves, tree limbs can be burned outdoors, but only on the site where it was generated, except in counties having a population of more than 200,000 persons, which includes Madison County.)

Some states and communities have banned leaf burning. It has even been suggested that the burning ban

helped turn former Gov. Richard Ogilvie's re-election hopes to smoke.

To set the record straight, it is acceptable to burn leaves in Granite City, if you do it on your own property and in an area where the left overs will not wash into the curb gutters and clog up sewers and manholes.

It is not acceptable to burn leaves on the street, since the heat can melt asphalt or tar and cinders and can even crack concrete.

Nor is it acceptable to burn paper outdoors, even if it is to start your leaves burning, though it is not likely that anyone would try to enforce the rules to this extent.

Paul Hawkins, Madison County's environmental control director, made it crystal clear. It is illegal to burn refuse or vegetation outdoors anywhere in Madison County, but the county will not enforce the rules if leaves are burned between 9 a.m. and 3 p.m. on clear days only when the smoke will blow away. State and federal officials, however, could still arrest leaf burners. After all, it is illegal.

We hope we have helped clarify the issue.

Pill deaths shake our serenity

"Senseless" is about the only word to describe the acts of the person or persons who inserted deadly poison into capsules of extra strength Tylenol, killing not only eight people, but effectively ruining the sales of Tylenol, which is not likely to ever reappear.

One other word comes to mind, "frightening." It is frightening to think that one person, using such extreme tactics, can kill a giant corporation's product and ruin a product name which took years and millions of dollars of advertising to establish.

You say, "No, I will not knuckle under to such terrorists." OK, just go ahead and take an extra strength Tylenol. That will either prove your point or gain you national recognition as the ninth victim. As detailed elsewhere in today's issue, sodium cyanide was found in large quantities right here in Granite City Thursday afternoon.

Undoubtedly, sales of eye drops declined for a few days last week when there was a rumor that a woman's eyes had been burned by such drops. It turned out to be false, fortunately.

The fact is, intelligent people cannot fight scare tactics

such as used in the Tylenol case. The risk may be one in a million, but intelligent people just do not play Russian roulette with guns or pills.

John and Bobby Kennedy, George Wallace, Martin Luther King Jr. and Ronald Reagan have one thing in common. Their assassins were not operating on the same wavelengths as normal people, but at least the assassins knew their proposed victims and sought them out. It has been said that nobody is safe from a killer who isn't worried about whether he is caught.

The nameless killer or killers in the Tylenol deaths had nameless victims. He had know way of knowing who his wicked deed would strike.

Sealing of all over-the-counter drugs would be expensive, but may be the only way purchasers of medications can be sure that their medicine has not been tampered with after leaving the factory.

The incident has brought a new realization of our vulnerability to senseless and reckless actions. None of us will ever again take medication with the same security as before. We have been reminded of our own mortality and it is frightening.

savings of \$25 million; another 600 ineligible prison inmates are in the process of being removed, and another 1,000 cases are under review.

A General Accounting Office report noted the payments to those in prison were not for basic subsistence, because that is paid for by the public. It also noted examples of convicts receiving benefits for questionable disabilities.

To place this in perspective, Social Security is also under fire for purging disability benefit rolls of many legitimate recipients. There are indications that such disability "horror stories" as the "Son of Sam" killer receiving benefits while behind bars may have provoked an overreaction.

But that certainly doesn't tarnish the victory for taxpayers that Congress and the Social Security Administration have achieved with the purge of ineligible convicts, and we hope to see more victories in rooting waste, fraud, and abuse out of government aid programs.

A victory for the taxpayers

We thought we would pass on the following thoughts from the Sacramento (Calif.) Union newspaper.

Taxpayers will welcome the news that the Social Security Administration has purged more than 5,000 convicts from its disability benefit rolls, and it underlines the need for continued vigilance in spotting and stopping waste, fraud and abuse in government aid programs.

The proper function of disability programs is to provide income protection to workers struck down by a disabling disease or accident. Who would have thought that someone injured during the commission of a crime could qualify for monthly checks while serving time in prison?

That, according to investigators, was the situation of at least some of the convicts whose disability benefits have been cut off in a purge mandated by Congress in 1980.

Social Security officials said 5,109 convicts have been removed from the rolls, at an estimated annual tax

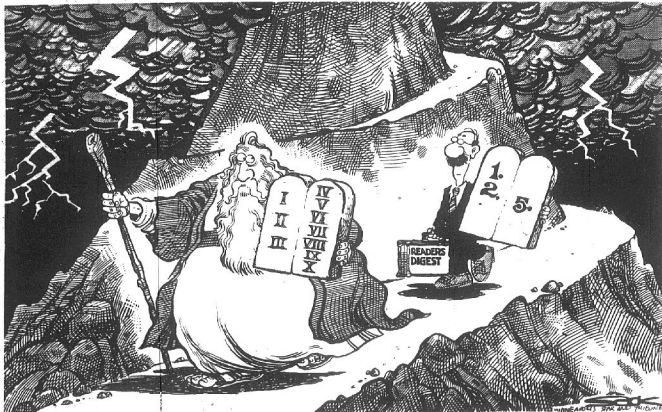

How much news can you sell

Guest editorial from Editor & Publisher magazine. Looking at the subject of professional sports, we are concerned about the practice of selling exclusive rights to coverage of major events to the highest bidder.

We will concede that professional sports such as football, baseball, tennis, hockey, basketball and golf come under the heading of big-time entertainment spectacles rather than major news events so the owners of the teams and the players have the right to sell their services. At least the purchasers of television rights have not barred representatives of other media from reporting the events.

What concerns us is the high-priced bidding for rights to cover the winter and summer Olympic games. They are supposed to be amateur events as well as major news events. At least one country has tried to charge still photographers a fee for the privilege of taking pictures.

How about selling exclusive rights to cover a Presidential inauguration, or an inaugural ball, or a coronation, or royal wedding to sweeten the coffers of an organizing committee? Why not? What's the difference between them and Olympic events?

Readers React

Members of the Press-Record editorial staff surveyed Quad-Citizens and asked "Do you think the unemployment rate will increase or decrease in the near future? Their reactions follow:

Jim Pagen, Granite City
"I think that the economy is bottomed out right now, but the employment should increase by spring."

Marsha Fisher, Granite City
"I really like what Reagan has been doing. I think that if people give him a chance, that within a year we'll really begin to see some positive results concerning the unemployment rate."

Teresa Finn, Granite City
"The unemployment rate is probably gonna increase until Reagan is out of office. Reagan is too concerned only with big business and not for the working person. He had better realize that the working people are the backbone of this country and that we pay his salary."

Sharon Earney, Granite City
"As long as Reagan is in office, the rate will increase. If they don't get people back to work next year nobody will be paying income taxes. How can they when they don't have an income?"

Says gun control would strip public of another freedom

To the Editor:
I'm writing to express my views about gun control. California is going to vote on a bill in the November election which will either let the police keep their guns, or strip the public of their right to keep and bear arms. They want to take away their handguns. If they succeed, it will undoubtedly lead to confiscation of rifles and shotguns.

And what about the other 48 states? Will they try the same thing? They will, if we don't fight against it.

A gun is not the only weapons used. Many people are killed in car accidents. None of this can happen without the person behind the wheel. Someone has to pull the trigger or do the stabbing. A criminal is always going to be able to get his gun. He can make one at home out of water pipe, or layers of thin pipe, and have the same thing as what we buy on the market. We should not be punished for criminals' acts, just because we want to keep our guns, which is our right.

Instead of gun control, we need criminal control. Criminals should pay the price for their acts, whether

A North parent's view of soccer quarrels

To the Editor:
If I may, I would like to remind everyone that the incident at the North-South soccer game on Sept. 30, started with South's Nathan Cromo and North's Sam Tate.

The other North player who is being penalized, for trying to stop the attack on his teammate was doing exactly what the Press-Record commented our North goalie for.

Then other South players rushed in to attack both North players. Then, as Mr. Baker says, they have to defend themselves, and that's exactly what North tried to do.

The South player that the Press-Record says showed good sportsmanship was pulled off Tate by Tate's father.

It's really disturbing to watch players attack in twos and threes. I fail to see how this could make better men or human beings out of anyone.

Everyone knows who started the incident, but the referees still failed to remove him from the game. I've been lucky or unlucky, as the case may be, to be right about both incidents between North and South. If you are naive enough to think that these attacks can't or won't happen to your child, you are wrong. Unless something is done, someone could be seriously injured. Do you want that?

Church dinner was an enjoyable event for many resident

To the Editor:
I would like to take this opportunity to compliment the Press-Record and its staff. It is one of my favorite papers, good coverage, and well written articles. It certainly keeps me quite informed as to what's happening in our town. My personal thanks to all of you.

Recently, I attended a chicken dinner sponsored by St. Margaret Mary Church. Father Shea should be quite proud of all those involved who worked so hard to make this annual event a huge success. The workers were very pleasant, displayed exceptionally good spirits and worked well together. I was happy to see people whom I haven't seen in years.

The dining room was filled to capacity and understandably so. This, apparently, was not a first for the majority there. The price was affordable. The meal was delicious and very generous helpings. With prices as they are these days, it was certainly a blessing.

All of your efforts were sincerely appreciated and we look forward to attending next year. For those of you who did not have the opportunity to attend this year, don't miss out next year. You'll be glad you did. We were. God bless all of you.

Press-Record microfilms donated

Seventy-nine years of Quad-City history recorded by the Granite City Press-Record will soon be available at the Granite City Public Library, 2001 Delmar Ave., a gift from the Press-Record.

Librarian Robert Stack, director, said the main library already has received microfilm rolls of Press-Record issues dating from 1903 to 1959. By mid-December, Stack expects the microfilm to be updated to July 1982.

Hopefully, by the end of the month, a printer-reader will be ready." Stack said. The printer will copy the microfilm pages for the public inexpensively.

The library now has a microfilm reader, allowing immediate access to Press-Record rolls that are currently available through the library's main desk. Library winter hours are Mondays through Thursdays, 9 a.m. to 9 p.m., and Fridays and Saturdays, 9 a.m. to 5 p.m.

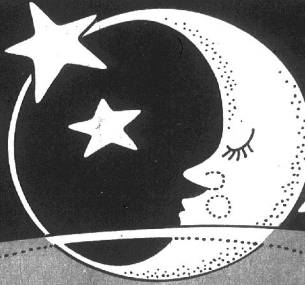

The public also may visit the Press-Record office, 1815 Delmar Ave., to view its own microfilm library, usually current to within three months of its latest issue. More up-to-date issues may be checked in bounded form, kept at the newspaper office. No microfilm printer is available. Office hours are Mondays through Fridays from 8 a.m. to 4:30 p.m.

The back microfilm issues include copies of the Press-Record under its earlier titles: the Granite City Press, the Tri-City Labor-Herald and the Granite City Herald. Also available is a microfilm copy of the Press-Record's "Progress" Edition published May 14, 1921.

Obituaries

Jesse Barnes

Jesse J. Barnes, 62, of 2003 Missouri Ave., died of an apparent heart ailment shortly after arriving at St. Elizabeth Medical Center by ambulance from his home at 10:45 p.m. Friday, Oct. 8, 1982. He was pronounced dead in the emergency room by Madison County Deputy Coroner Edward Besserman.

A veteran of service in the U.S. Army from 1942 until 1946, Mr. Barnes held the Victory and Good Conduct medals and American Theatre ribbons.

He retired in 1961 from MCP Facilities Corp., Madison, where he was employed four years as a tender. Prior to working at the MCP plant, Mr. Barnes had been employed 30 years at Leclade Steel Co.

He was born in Stewart County, Tenn., and had lived in Tennessee Ridge, Tenn., before coming to Granite City about 40 years ago. He was of the Protestant faith.

Among the survivors are his widow, Mrs. Laura (Bass) Barnes; a daughter, Mrs. Luella Frith of Granite City; a son, James Tucker of Texarkana, Tex.; two brothers, Finis E. Barnes of Danville, Ill., and James F. Barnes of Eugene, Ore.; four sisters, Mrs. Jerome (Vera) Kirkpatrick of Granite City, Mrs. Aubrey (Myrtle) Bell of Collinsville, Mrs. Lillie Mae Micalone of Alton and Mrs. Walter B. (Juanita) Mitchell of Tennessee Ridge; six grandchildren; and five great-grandchildren. Three brothers and three sisters preceded him in death.

Services will begin at 10 a.m. Tuesday, Oct. 12, at Mercer Mortuary Chapel, 1416 N. Washington Ave., with the Rev. W. M. Showers officiating. Burial will be in St. John Cemetery, 2901 Nameoki Road. Friends are calling at the present time.

Lulu Barrall

Mrs. Lulu Barrall, 88, of Salem, Ill., mother of Mrs. Lois Wynn of Granite City, died Sunday, Oct. 10, 1982, at the Salem Township Hospital.

She was born in Oskaloosa, Ill. Mrs. Barrall was a member of the Church of God in Salem and also held membership in the Nature Club.

Her husband, John Barrall, died in 1941.

Other survivors include three sons, Russell "Ross" Barrall of Eldorado, Ill., Ronald Barrall of Salem, and Gene Barrall of Norris City, Ill.; a stepson, Elvin Barrall of Salem; two other daughters, Mrs. Velma Staussacher and Mrs. Lila Hickey, both of Salem; 24 grandchildren, 31 great-grandchildren

and seven great-great-grandchildren. Visitation will be from 9 to 9 p.m. today at the Rankin Chapel in Salem, Ill., where funeral services will be conducted at 2 p.m. Tuesday, Oct. 12, by the Rev. Taylor Coward. Burial will be in Alma Cemetery, Alma, Ill.

Harry Cole

Harry A. Cole, 74, of Colonial Haven Nursing Home, died at 11 a.m. Sunday, Oct. 10, 1982, at the nursing home. He resided there for five years.

Mr. Cole was born in Cairo, Ill. He worked for a railroad and the Luna Cafe prior to his retirement.

He was of the Protestant faith. There are no known relatives.

Anyone knowing of a survivor is requested to contact Bob Thomas Memorial Mortuary, 2305 Pontoon Road, 931-2121, where arrangements are pending.

Harry Field

Harry Field, 79, of St. Louis, owner and operator of Harry's Paint and Wallpaper Store, 1831 State St., died Saturday morning, Oct. 9, 1982, at Missouri Baptist Hospital in St. Louis. He had been hospitalized for two weeks.

Born in Czechoslovakia, Mr. Field came to Granite City in 1921 and resided here until 1962, when he moved to St. Louis.

Mr. Field was a 50-year member of Masonic Lodge 877, AF&AM, and held membership in the Scottish Rite Bodies of Southern Illinois and the Ainald Temple.

Survivors include his widow, Mrs. Nadine Field; two daughters, Mrs. Nadine Wilk and Mrs. Linda Liepman; a sister, Mrs. Marian Miller, all of St. Louis, and three grandchildren. Graveside services will begin at 2 p.m. today, Oct. 11, at N'nal Ammona Cemetery, 4715 McPherson St., St. Louis, in charge of arrangements.

Raymond Gouch

Raymond E. Gouch, 41, of 2181 Lee Ave., was pronounced dead at home at 11:25 a.m. Thursday, Oct. 7, 1982, by William Sternberg, Madison County deputy coroner.

Born in Chicago, Ill., Mr. Gouch resided in this area for about 10 years. He was unemployed at the time of his death.

Mr. Gouch was of the Protestant faith. He has no known survivors.

Funeral services were conducted at 1 p.m. Saturday, Oct. 9, at Rose Funeral Home, Litchfield, Ill., with burial in Elmwood Cemetery, Litchfield, Davis Funeral Home, 21st Street and Cleveland Boulevard, was in charge of local arrangements. A related story of his death appears on the front page of today's issue.

Tony Majetic

Tony Majetic, 68, of 4418 Highway 162, died at 2:27 a.m. Saturday, Oct. 9, 1982, at St. Elizabeth Medical Center, where he was taken from home about

one-and-a-half hours earlier. He had been under a physician's care.

Mr. Majetic resided in Granite City since 1920, having come here from his native Yugoslavia.

After retiring, he was employed many years as a millwright leader at Granite City Steel. He was a member of St. Margaret Mary Catholic Church.

Among the survivors are his widow, Mrs. Edith (Matyas) Majetic; one son, Robert Majetic of Branson, Mo.; two sisters, Mrs. Mary Evans of Granite City and Mrs. Ann Buckingham of Tishontas, Ill. and two brothers, Pete and Nick Nicholich.

The funeral will be from Pieper Funeral Home, 1929 Cleveland Blvd., at 9 a.m. Tuesday, Oct. 12, to St. Margaret Mary Church, 1929 Cleveland Blvd., at 9:30 a.m. Mass. Burial will be in Calvary Cemetery, Edwardsville Township. Visitation begins at 2 p.m. Monday and the Rosary will be recited at 8 p.m. today.

Alice Martin

Mrs. Alice (Verba) Martin, 46, of St. Louis, formerly of Madison, died Sunday, Oct. 10, 1982, at her home.

She was born in Madison and resided here until moving to Chicago in 1950. She lived in St. Louis for three years.

Mrs. Martin was employed for one year as a salesperson at National Maritime Union Rivers Pension and Welfare Plan office in St. Louis.

Survivors include her mother, Mrs. Antonia (Madison) Martin; two sisters, Mrs. Thomas (Wilma) Bezan and Mrs. Mike (Betty) Drake, both of Granite City; and Mrs. Molly Konrad of St. Louis, and four brothers, Charles and James Verba, of Granite City, and Bill and Ernie Verba of Madison.

She was preceded in death by her father, Jerry Verba Sr. and a brother, Jerry "Babe" Verba Jr.

Visitation will begin at 5 p.m. Tuesday at Lahey-Sedack Funeral Home, 501 Madison Ave., Madison, where funeral services will be conducted at 10:30 a.m. Wednesday, Oct. 13, by the Rev. J. Perrett. Burial will be in Calvary Cemetery, Edwardsville Township.

Thomas Orick

Thomas Orick, 75, of 2209 Missouri Ave., died at 8:30 p.m. Friday, Oct. 8, 1982, at St. Elizabeth Medical Center, where he had been a patient the past month.

Born in Graniteville, Mo., Mr. Orick resided nearly his entire life in Granite City.

Prior to retiring in 1969, he was employed 30 years as an inspector at Century Electric Co.

He was a member of Bethel Chapel Pentecostal Church.

Mr. Orick is survived by his sister, Mrs. Hugh (Viola) Brooks of Granite City.

Services were held at 9 a.m. today, Oct. 11, at Davis Funeral Home, 21st Street and Cleveland Boulevard, with the Rev. Clifton E. Galher officiating. Burial was in St. John Cemetery, 2901 Nameoki Road.

SEMINAR FOR NAVY RETIREES

Charles R. McIntyre, U.S. Navy retired, president of the Fleet Reserve Association, will be the guest speaker at the annual U.S. Navy Retiree Seminar at the University of Missouri, St. Louis, Friday.

The seminar will be in the J.C. Penney Building education extension, 8001 Natural Bridge Road, St. Louis.

Aim of the seminar is to publicize the findings and recommendations of the Secretary's Advisory Committee on Retired Personnel, which has been meeting at various intervals since July, 1970, reviewing the effectiveness of current retirement programs and policies concerning pay, benefits, privileges and the quality of life for the retired.

Additional information on the seminar and Branch activities is available from T.E. Doman, president of the Greater St. Louis Branch, 1-314-524-7530, or the seminar coordinator, Charles I. Drummond, 1-314-272-1401.

Estate planning seminar at BAC

Belleville Area College General Studies and Community Services will present an estate planning seminar, beginning tomorrow.

The seminar will meet from 7 to 9:50 p.m. Tuesdays for five sessions at the BAC, 1500 E. 15th St., Belleville.

The first session will cover the preparation and forms of wills and methods of holding title to assets. The second will cover living trusts and trusts under wills. The next session will deal with federal estate and gift taxes, Illinois inheritance taxes and income taxes in descendants estates. Following that is a session on different types of insurance and the use of insurance in estate planning.

The final session Tuesday, Nov. 9, will be a panel discussion, a question-and-answer period and a workshop.

Tuition for the seminar is \$24. Registration can be taken at BAC General Studies and Community Services, room 1299, from 9 a.m. to 4 p.m. Mondays through Fridays. For information interested persons should call Carol Hudack, 1-235-2700, extension 201.

SUE PRESENTS TO KILL A MOCKINGBIRD

The Student Program Board of Southern Illinois University at Edwardsville will sponsor presentations of the film "To Kill a Mockingbird" Thursday, Friday and Saturday.

Showings will be at 2:30 p.m. Thursday, 7 and 9:30 p.m. Friday and 2:30 p.m. Saturday at the DeJ. Vu Room of the University Center. Tickets are \$1 for SUE students and \$1.50 for non students.

HARTIGAN ENDORSED BY TEACHER GROUP

The 55,000 member Illinois Education Association has endorsed Democrat Neil Hartigan's candidacy for attorney general.

The IEA is the second major teachers organization to endorse Hartigan. Earlier the Illinois Federation of Teachers, representing 45,000 members, announced its support for Hartigan.

He said the \$36 million brokerage theft scheme could have gone on "forever," had he not decided to tell about it—on the advice of Belleville attorney Edward A. Magaw.

Magaw said Brimberry was being interviewed by the Internal Revenue Service regarding tax law violations.

He said SEC rules and procedures inadequate to detect such fraud, and speculates that it takes place at many securities brokerages.

The Post-Dispatch quoted Brimberry as saying that—

—After joining Stix as a clerk in the early 1970s, he began illegal activity in 1975 and bought a \$400,000 Phoenix area home in which some say he now resides; he denies he is staying at the latter home and says it has no furniture.

—He purchased many luxury autos and spent money lavishly. For a time he made almost weekly gambling visits to Las Vegas, Nev. where he sometimes won high-stakes games but often lost heavily at the MGM Grand and Desert Inn casinos, one time dropping \$250,000 in 30 minutes.

—Although still living a life of luxury, he has only \$30,000 in cash and some real estate, he says he does not have money or jewels stashed away in Cayman Islands safe deposit boxes.

—Setting up an excavating company here, he staffed it with relatives of his wife; some refused to work, and he

Man nabbed, \$1,600 found by GC police

Ingredients for law violations were present when a St. Louisan, 44, with a lawless past came to town and met two impressionable, 16-year-old Granite City girls. But their excursion in his auto ended after several hours; justice prevailed, and he was taken last week to the Madison County jail in lieu of \$75,000 bond.

On the evening Richard G. Swezey came to the Quad-City area, one of the girls was missing from her home and the other was away from her home with permission—and willing to stay out later than the curfew law permits.

The man failed to brag about his exploits, and they enjoyed his tales of dereliction. The Missourian boasted of being a robber and showed them a handgun which authorities later determined had the identification number filed off.

Currency totaling \$1,100 and \$120 in cash when police halted his car at Niedringhaus Avenue and Benton Street at midnight.

And at 1:30 a.m., when they searched the trunk of the auto to find the runaway girl's suitcase, they found \$500-fifty brand-new \$10 bills having consecutive serial numbers.

Charges against Swezey include contributing to the delinquency of minors, unlawful possession of firearms and unlawful possession of alcohol. The girls were charged with curfew violation.

Police investigations were aroused when it became known that a Missouri motorist "with a carload of life" was driving in an alley in the 1900 block between Benton Street and Cleveland Boulevard late at night.

Police began to observe the auto. When it appeared to pass a stop sign on Benton at 19th Street, they gave pursuit and landed on the block later. One girl tried to hide in the back seat but was placed in custody along with Swezey and the other girl.

The company is exchanging tablets for any of its capsules returned by consumers. Full or partially full bottles may be mailed to Telenor Exchange, P.O. Box 2,000, Maple Plain, Minn. 55438.

Electric rates are lower when set by elected state utility commissioners,

boasted, in other instances, he authorized false entries into the company's computer to cover up the scheme.

With the aid of the "collateral" he had created, money was loaned to customers, ostensibly to buy other securities; big amounts of cash were paid out, and the SEC wasn't "smart enough to catch it."

—Obtaining more than \$1 million a year, Brimberry built a mansion on Parkway Drive in Granite City and 1980 bought a \$400,000 Phoenix area home in which some say he now resides; he denies he is staying at the latter home and says it has no furniture.

—He purchased many luxury autos and spent money lavishly. For a time he made almost weekly gambling visits to Las Vegas, Nev. where he sometimes won high-stakes games but often lost heavily at the MGM Grand and Desert Inn casinos, one time dropping \$250,000 in 30 minutes.

—Although still living a life of luxury, he has only \$30,000 in cash and some real estate, he says he does not have money or jewels stashed away in Cayman Islands safe deposit boxes.

—Setting up an excavating company here, he staffed it with relatives of his wife; some refused to work, and he

unemployed, police contacted Missouri authorities and learned he had been convicted in the past of

robbery, burglary, attempted burglary, larceny, fraudulent activity and a weapons offense.

News notes

September traffic mishaps in Illinois took 154 lives, compared to 142 in September 1981. The nine-month toll is 1,232, a decrease from the 1,392 road deaths in January-September 1981.

Successful bids totaled about \$10,000 at the Rotary Optimist Camelot auction conducted by Darryl Slater, Richard Buenger and professional auctioneers Ted Stumpf, Wendell Short and Bob Spears on Saturday night.

Unemployment rose to 10.1 percent nationally, up 0.3 percent, and climbed 67 percent to 12.5 percent in Illinois. Both September 1982 figures are postwar records.

Illinois Public Aid Director Jeffrey C. Miller today credited the Madison County Public Aid Office with being the top performer among the 23 offices of comparable size. Factors are management skills, quality and timeliness of services, and client-community relations. Its headquarters are in Granite City, and Ted Funkhouser is the administrator.

Cong. Melvin Price, Sen. Alan Dixon and Sen. Charles Percy are among those cosponsoring legislation to protect farm product export contracts from embargoes.

An unrelated bill authored by Dixon would provide for public matching funds in general elections for U.S. senators.

Four suspects are still being investigated in the deaths of persons who consumed Extra Strength Tylenol capsules laced with Sweeney and the other girl.

The company is exchanging tablets for any of its capsules returned by consumers. Full or partially full bottles may be mailed to Telenor Exchange, P.O. Box 2,000, Maple Plain, Minn. 55438.

Electric rates are lower when set by elected state utility commissioners,

SEC

(Continued from Page 1)

ordered them fired in 1981; one became angry at him and telephoned the IRS to say he was evading taxes.

—After IRS agents questioned him for 50 hours, they visited Stix on the night of Nov. 4 to locate records he had described to them; the next morning they returned with a search warrant, seized the documents and closed the brokerage.

In a pouch in the bank vault where \$36 million in securities was supposed to be stored, investigators found only folded copies of the Wall Street Journal.

—His chief regret is that he failed to sell 70,000 shares of MGIC Inc. before he disclosed the Stix scam; the shares were worth \$2 million and were under his control in margin accounts he had established.

—Testimony by Brimberry was heard by a federal grand jury here during the summer of 1982; on many occasions, he has used the name of Tom Miller instead of Tom Brimberry.

—The Stix bankruptcy trustee, banks and others are suing to tie up his holdings, he hopes to retain the Arizona home because, he says, it was bought with gambling winnings, rather than Stix funds. He was in the local metropolitan area last week but is still "in hiding."

He said his mission is not something that can be accomplished in a few weeks, or months, but believes there are those hungrily awaiting his message.

Complete rebuilding

Steelers defeat Warriors; win Homecoming

By ROGER KRAMER

of the Press-Record

GRANITE CITY — No matter what Granite City South's football team tried Friday against its cross-town rivals, Granite City North, the rain and the Steelers halted it.

The rain stopped South's passing attack, and the rain and the Steelers stopped South's running attack. On the other hand, the Steelers didn't make a single turnover and won the Gateway East Conference game 15-0 at the South field.

How much difficulty did South have against its two opponents?

"The Warriors passed to set up its only real scoring threat in the first quarter, but failed to convert the drive into points. After that, the rain halted their passing attack."

When South tried to run, North's defense didn't budge. The Warriors only gained 49 yards rushing and 57 yards passing for the game.

To add to South's frustrations, the Warriors committed six turnovers — five fumbles and one interception. The combination of these things lowered South's record to 0-5 overall and 0-3 in the GEC. North is 2-3 and 1-1.

"The weather's got to be a factor," South coach Jerry McKechan said. "We made the big mistakes and they took advantage of them. They didn't make the mistakes."

North, a conservative offense team on dry fields, was even more conservative on the wet, muddy South field. The Steelers tried to pass five

"The weather's got to be a factor. We made the big mistakes and they took advantage of them. They didn't make the mistakes."

Jerry McKechan
Warrior football coach

Tom Wyrostek said. "We didn't do anything that could lead to a turnover because it's easier to lose the ball in the rain."

McKechan, on the other hand, thought passing was the best thing to do on a rainy night. For a while, McKechan was right.

On South's second possession of the game, the Warrior quarterback John Linhart used a 26-yard pass to Tom Adamitis, a 10-yard pass to Ken Portell, an eight-yard pass to Bob Kirksey, and four running plays to get to North's two yard line.

The critical mistake of the game was not a fumble but rather an illegal motion call that pushed the ball back to the seven. Linhart's next pass was incomplete, and Jon Frangoulis' 25-yard field goal attempt was no good.

"The Warriors were not to be heard from again."

"We tried to pass early and it was working," McKechan said. "It was just getting too wet out there for us to hold

took over at South's 11-yard line.

Two plays later, Al Pengal scored on a 10 yard run for the touchdown with 10:43 left in the second quarter. The PAT was wide, but missed extra points weren't critical for the Steelers in this game.

North didn't strike again until the third quarter. John Kindel ran 25 yards for the touchdown, and the PAT was no good with 5:36 left in the third quarter. However, North was ahead 12-0.

South committed four of their turnovers in the fourth quarter, but North couldn't take advantage of all of South's gifts. After the Warriors lost the ball at their own 44, DePew missed a 50-yard field goal try. South lost another fumble, and DePew missed a 40-yard try.

After Pengal intercepted a pass at South's 22 and moved it to the 18, DePew kicked a 30 yard field goal late in the fourth quarter.

South committed one more fumble, but the Steelers simply ran down the clock to end the game.

"All of our players executed well on defense," Wyrostek said. "Other than the big pass play to Adamitis, we stopped them. We adjusted to what they were trying to do, and the boys did a good job stopping the running game."

In addition, the Steelers got an outstanding game out of Pengal, who rushed for 111 yards on 17 carries.

Portell was South's leading rusher with 64 yards.

"I thought it was a well-played game for both teams," McKechan said. "North played a good defensive game. We were going all out to beat them, and you could tell when we walked off the field that we were disappointed."

"A game like this hurts because we tried hard, but we made the mistakes that they took advantage of."

Despite South's inability to win the close games, McKechan is optimistic

KEEP AWAY FROM ME. Granite City North running back Al Pengal uses his hand to shield the face of Granite City South's John Konkovich during Friday's North-South game.

Later in that series, John Kindel scored a touchdown to help give North a 15-0 victory over South.

Granite North
Steelers

times and failed to complete any of them, but North ran the ball 40 times for 182 yards.

The conservatism paid off. North did not commit a single turnover in the game. On a rainy night in Granite City, that meant the difference between scoring and not scoring.

"We played a conservative ballgame because of the weather," North coach

on to the ball passing, so we went to the running game."

After that drive, the Warriors did not complete another pass.

North couldn't do anything on the next possession, so Darren DePew punted deep into South's territory. Instead of letting North down the ball, Warrior Darrell Elmore tried to return the punt. He fumbled, and the Steelers

Rebels down Trojans

By ALAN L. GERSTENCKER

Sports Editor

MADISON — Statistics. More often than not, the team whose statistics are better wins.

Such was not the case Saturday afternoon as the Trojan football team fell to St. Louis' Rosary High Rebels 20-0. Offensively, the Trojans mustered 251 yards, while the Rebels, who managed three touchdowns, tallied 234 yards on offense.

Such an offensive showing only led to the bewilderment of Madison's coach Alvin Vanderhaar.

"There were some good things that came of the game," Vanderhaar said. "We moved the ball well in the last quarter. But overall we were flat," he said. "Monday, we'll have to start over with square one."

Rosary put it all together in the first quarter as the Rebels' Bob Taaffe drove in from three yards out with just under five minutes remaining in that quarter. The remainder of the first half was scoreless.

The Trojans, excluding the Rebel scoring drive, were better offensively the first half.

On the Trojans second possession of the second quarter, it appeared Madison was going to put it all together. The Trojan's Richard Butler ran back-to-back draw plays up the middle that got the Trojans first down and then moved them to near midfield.

Just when things seemed to click offensively for the Trojans, Victor Valentine's pass to Avery Blockton fell incomplete. That was not serious, but

things soon got worse.

The very next play, the Rebel's defense penetrated the Trojan offensive line to sack Valentine. What had appeared as an awesome attack just three plays ago had quickly turned into a sputtering simulation.

The Trojans had their best chance of the game to even the score on their first possession of the second half.

Following a fruitless Rosary first possession, Madison resumed possession near its own 34 yard line.

Butler again started things for Madison as he burst for an 11 yard gain up the middle. On the next play, Butler broke a play fortunately to move Madison within striking distance as he gained 45 yards. Ironically, that particular play was designed to be run inside.

At that point, it appeared nothing could deny the surging Trojans a score. But, something did.

Two plays later, on a second and nine situation from the 10 yard line, Madison's Kelly Scrum swept left. As he did, two Rosary defenders met him at the seven yard line. The ball spurted out. Rosary's Darin Everett recovered. The Trojans lost possession and with it their hopes of a score. They never recovered.

Rosary blew the game open in the fourth quarter. The Rebels' John Kienstra topped off a successful drive as he beat the Trojan defense on a sweep to the left for a 35 yard touchdown play with just under 10 minutes remaining in the game. The completed kicking conversion by Rosary's quarterback-place kicker Nick Weir gave the Rebels a 14-0 lead.

Then, less than five minutes later, Weir threw a beautiful pass to a wide open Everett who dashed into the endzone for a 57-yard touchdown play. Rosary's conversion attempt failed, but the Rebels enjoyed a nearly untouchable 20-0 lead.

Despite the loss, there were some positive things for Madison Saturday.

With about two minutes remaining, Madison capped off a successful drive with a Valentine to Scrum apparent touchdown pass. Everything was there. Everything seemed in place as the Trojans had apparently erased the goose egg from the scoreboard.

Unfortunately, though, there was one thing out of place. An illegal receiver was downfield. The play came back. A similar attempt on the next play failed. Even worse, Rosary intercepted.

Madison did regain possession once again after Fuller recovered a fumble, but it was academic. The Trojans fell far short as they dropped their fourth game of the season.

Friday night, the Trojans travel to Triad to take on the Knights. Game time is 7:30 p.m.

ROSARY 20, MADISON 0

Scoring
Ros: Taaffe, 35 yd. run. (kick good)
Ros: Kienstra, 35 yd. run. (kick good)
Ros: 57 yd pass to Everett (kick failed)

Pare winds his way into golf sectional

BELLEVILLE — Granite City South's Jeff Pare "golfed his best round" of the year Thursday at the Belleville West Regional at Clinton Hills Golf Course in Fairview Heights, said Warrior golf coach Dwayne "Boone" Chaney. Pare's score of 82 was good enough to propel the Warrior into sectional competition this Tuesday, Oct. 12. Pare is the only golfer from Granite City to qualify for the Sectional.

As a team, the Warriors finished sixth with a score of 358, just 10 strokes in front of seventh place Granite City High School North. In all, eleven teams competed at the Belleville West Regional. Belleville East won the regional with a team score of 318, followed by Belleville East with a score of 326 and Gateway East Conference champion Edwardsville finished third with a team score of 327.

According to Illinois State High School Association guidelines, the top three teams in each regional earn the right to compete in the Sectional. Also, the top five golfers, not members of

those top three teams, earns an individual invitation to the Sectional. It is that inclusion that enabled Pare to qualify for the Sectional.

Unlike many other golfers, Pare will not have to travel far to compete in the Sectional as Granite City High School North hosts the Sectional Tournament. Play begins at 10 a.m.

REGIONAL TEAM SCORES
Belleville East: 318; Belleville West: 326; Edwardsville: 327; O'Fallon: 348; Athoff: 356; GRANITE SOUTH: 358; GRANITE NORTH: 368; Triad: 368; Collinsville: 373; E. St. Louis (Sr.): 374; E. St. Louis (Lincoln): 423.

South retains writers', coaches' faith in poll

The Granite South soccer team has retained its first place ranking in the writers' and coaches' polls of the "Chicago Sting High School Newsletter."

The Warriors received 135 points from the coaches and 90 points from the writers. For the first time this season, Granite North was not ranked. Nor did the

Steelers receive an honorable mention. Collinsville is ranked fourth in both polls with 90 points from the coaches and 61 points from the writers.

Alton received honorable mention in both polls. Alton Marquette is ranked 15th in the writers poll with 11 points.

South goalkeeper Jeb Blasigame was listed in the "Goalie Greats" section for his 3-0 shutout over Granite North.

Steve Giacometto, Collinsville goalkeeper, was mentioned in "Goalie Greats" twice for a 5-0 shutout against Belleville and a 4-0 win over North County Tech.

Next week's newsletter will include highlights of South's Tournament of Champions which was played this past weekend.

Warriors win; they're champions of Champions

By NANCY WEIL
of the Press-Record

The Granite South soccer team's only two losses this season have been to Missouri teams, so perhaps to avenge those defeats, the Warriors handed two teams from across the river shutouts during the Tournament of Champions.

After beating DeSmet 2-0, South went on to win the second annual tournament Saturday evening by defeating McCluer North 1-0.

McCluer had lost only one game, a season opening 1-0 defeat to Missouri rival Riverview Gardens, before the game against South. Through the first two games of the tournament, McCluer was impressive and looked to have a height and size advantage over the Warriors. But from the opening whistle, South played with finesse and skill, scoring only 5:27 into the game when Sam Mendoza sent the ball to Bill Hency. McCluer goalkeeper Tim Schulte played to the center of the goal and the ball went loose when a defender missed it. Hency got his foot on the ball and shot into the left side.

From that point, the Warriors had only to hold McCluer; a sizeable task. "Any time you're in the final of a tournament, especially as prestigious as this one, you'd like to win," Ray Stahl, McCluer North coach said. He did not try to mask his disappointment after the game and perhaps there was no way he could have "they shut us off pretty well," he said of the Warriors. What hurt even more was the defensive mistake that allowed Hency to maintain control.

"The mistake was when the cen-

terback missed the ball and like a good team, South capitalized on the mistake."

Stahl was, however, happy for the Warriors. "It's nice to have a tournament like this and win. I'm happy for South."

Warrior coach Gene Baker returned the compliment. "He (Stahl) really impressed everybody. He's a class guy."

In the midst of the celebration that took over the field as soon as the final buzzer sounded, Baker took time between hugs and handshakes to express his pride.

"I'm really proud. I'm really proud of the overall team effort." The captains — Hency, Barry Grote and Tony Segobiano — lead the team, he said.

Hency was named the tournament's "Most Valuable Player" and also was named to the all-tournament team.

While the captains led the team, the remaining Warriors followed well. "Fritz (Brewer) probably had his best game of the season," Baker said.

Most importantly, Baker was pleased with the team's overall performance and added that the players housed the New Trier team during the four days of the tournament. "They (South) did a number of things that were a credit to them and their families," he said as he stopped to shake some more hands and get some more hugs.

McCluer also played a good game with Schulte coming through with several big saves. In the third quarter, Phil Pappasakoff shot from right center deep in the area and Schulte caught the ball — the sound of the shot hitting his

chest reverberated across the field.

In the fourth, Brewer took a shot deep into the right side of the goal area and Schulte again caught the ball.

While South dominated statistically, McCluer was never far behind and during the final few minutes of the game threatened to take the championship match into overtime. McCluer played the ball deep into South's area and goalkeeper Jeb Blasingame came up big for the Warriors. With a minute left, however, McCluer continued to threaten.

With only 10 remaining McCluer lost possession on a handball at the quarter field mark in South's area. The foul kick was never even taken as the time ran out.

Before presentation of the tournament plaque, the Warrior team took the traditional run around the field with the Rebel flag in tow. It was a jubilant finale for the Warriors who now are 17-2 going into the final two weeks of the regular season.

"We're very happy with winning it," Baker said. "It was a huge success in view of the quality of play."

Kahoks win consolation bracket

Collinsville 2, New Trier 0

Collinsville, the defending Illinois state champions, won the consolation bracket of South's second annual Tournament of Champions by defeating Northern soccer power New Trier 2-0 Saturday afternoon.

Tony Ellis scored on an assist from Alan Ratay at 46:32 and Eric Mitchell scored from Marc Mahat in the final two minutes to put Collinsville's record at 14-4-2. Collinsville's only defeat of the weekend was a 4-1 loss to DeSmet in Wednesday's opening round of play.

finished without a win, indicative of the strength of the tournament. Riverview lost 3-0 to Vianney on Thursday and dropped a game to New Trier 1-0. Riverview then played Reitz Memorial for the seventh place spot and lost 1-0. It was Reitz' only victory in the tournament after losing to South and Collinsville.

McCluer North 4, New Trier 2

McCluer North, second place finishers, won the first round against New Trier 4-2 before going on to the Vianney game.

Of the 12 games played during the tournament, 31 goals were scored and

there were seven shutouts.

"I think the tournament was a huge success in view of the quality of play," Gene Baker, South coach, said.

Baker's sentiments were echoed by the other coaches, all of whom were pleased with the quality of play over the three days of the tournament.

Jim Stranz, Collinsville coach, said he was "very happy" with winning the consolation bracket "going into a tournament with all that talent."

Although he was a bit disappointed, McCluer North coach Ray Stahl also was pleased with the tournament and said he was "happy for South."

The Tournament of Champions, in just its second year, already is recognized as one of the top prep tournaments in the country. Last year, four teams participated.

McCluer 2, Vianney 1

Vianney, last year's tournament winners and the leader in the Missouri rankings, finished third after defeating DeSmet 1-0 Saturday evening. Vianney lost to McCluer North Friday evening. That loss will almost certainly change the Missouri standings.

Vianney 3, Riverview 0

Riverview came into the tournament as a ranking Missouri powerhouse, yet

Granite South 2, Reitz Mem. 0

Granite South's Tony Segobiano knew that the penalty kick he took in the second overtime of the Warrior's game Thursday against Reitz Memorial of Evansville, Ind., would go in. "I just knew it would be a game winner. I practice 'em often," Segobiano said after the game which South won 2-0 thanks to the penalty kick that went into the lower left of the net.

Had it not been for Segobiano, the Warriors might have lost the game to Reitz, Indiana state champions for three years running. Reitz scored first at 7:58 on a goal by Jack Mitchell from Mike Traylor. Segobiano evened the score at 21:03 when Fritz Brewer sent a

corner kick deep into the area and Segobiano headed the ball into the net.

SOUTH CELEBRATION. Granite South players Billy Hency, Sam Mendoza (18) and John Menendez, l. to r., celebrate a Warrior goal from the final game against McCluer North. South won the game and the Tournament of Cham-

pions with the 1-0 victory. Mendoza score the only goal needed to win the game at 5:27 on an assist from Hency. McCluer North goalkeeper Tim Schulte and fullback Doug Wynd lament the goal in the background.

Granite South 2, DeSmet 0

There were a few doubters in the stands after the Warriors sluggish play against Reitz Memorial in the first round of the Tournament of Champions, but Friday they played a tough game against DeSmet to win 2-0 in one of the best games of the season.

DeSmet whipped Collinsville 4-1 in the

first round and the Warriors realized it would be difficult to get past the Missouri powerhouse. But South made the win in an easy putting in four goals only to have two called back — one when the referee blew the whistle too hastily as a shot by Ed Cowley rolled into the DeSmet goal and the other

when a Cowley goal was called back for offside.

But Bill Hency's unassisted goal at 10:05 and Nathan Crane's goal from Sam Mendoza at 42:10 were enough to lock the game up for South.

Congratulations kickers

The Press-Record sports staff congratulates all eight teams that competed in Granite South's second annual Tournament of Champions. It was a tournament of class play and each team should be proud of its efforts.

Special accolades go to the Warriors for their first place finish in the tournament. The Tournament of Champions in just its second year, already has received national acclaim and is well on its way to being tops in prep soccer. The tournament should be a source of pride to all residents of Granite City.

With four top Missouri teams, Indiana's top team and two Illinois high school powers, the tournament was one of extraordinary strength. But South came out on top to take the crown as champions of the champions.

Hency is tourney's most valuable

Bill Hency was named "Most Valuable Player" of the Tournament of Champions following Saturday's championship game which the Warriors won 1-0 over McCluer North. Hency is a senior link and a tri-captain for the Warriors.

Hency and teammate Tony Segobiano also were named to the "All Tournament Team." Segobiano also is a captain as is Barry Grote. The three led the team through the tournament in coach Gene Baker's opinion.

Others named to the "All-Tournament Team" include: John Borri, a sophomore fullback

from Collinsville, who sparked the Kahoks defense. DeSmet's Steve Nikoden, a junior link, who had a very good tournament. Reitz Memorial goalkeeper Jim Flynn, a senior, who was impressive during the tournament. Reitz coach Frank D'Amello said that many fans back in Evansville, Ind., would be surprised by Flynn's tournament play. "A lot of people think he's not as good as he is. We have a good defense and he isn't always tested. Tonight he was tested and he showed what he has," D'Amello said after the opening round game with South.

Tim Hylla, a senior link, from Vianney. New Trier's Chris Rossiter, a senior, striker-midfielder. Kevin Vaughn, a junior back from Riverview.

McCluer North had two players who made the team. Mark Keller, a junior link, who is tall and fast and goalkeeper Tim Schulte, who played exceptionally well during the tournament both made the team.

The "All Tournament Team" was chosen by the coaches based on individual play. The team was announced at halftime.

Madison beats Assumption, loses to Wood River

The Madison girls' volleyball team defeated Assumption Tuesday 12-15, 15-12 and 15-5. The junior varsity lost 8-15, 21-19 and 15-17.

The Assumption team had good height and threatened to win the match, but the Trojanettes came back from the first game loss to win.

In the first game, Madison had Assumption down 12-4 before losing. "Apparently they don't have the killer instinct," Carol Stearns-Cole, Madison coach said.

While Mrs. Cole said the entire team played well, Ruth Jacks had a particularly good day. Miss Jacks recently moved to Springfield and the match against Assumption was her last.

Madison Trojanettes

she had no idea what happened to the Trojanettes after winning the first game so convincingly. "They get a team down then they let them come back up," she said. That has been a recurring problem this season.

The junior varsity also lost 15-0 and 15-6. Assumption travels to Allon Marquette tomorrow for a 6:30 p.m. match.

I used the whole bench. It was a super effort," Mrs. Cole said. Against Wood River Monday, Madison lost 15-3, 3-15 and 8-15. Mrs. Cole said

"It was a good team effort."

Steeler harriers finish first in weekend contest

Granite City North's boys' cross-country team fared well this past weekend in two invitational meets. Friday, in the Waterloo Invitational Meet, the Steelers finished third with 107 points, behind Triad with 85 points, and E. St. Louis (Lincoln) with 96. Saturday, the Steelers won the Jacksonville Invitational Meet with 10 points.

Unfortunately, the Lady Steelers did not fare as well. Friday, North's girls finished fifth, behind E. St. Louis (Lincoln), Granite City South, and E. St. Louis (Sr.).

"I'm real proud of the boys," said Pete Robinson, North's coach. "The girls are making progress too."

North's first distance man, Jim

Robertson, finished second Friday with a time of 15:13. Robinson was particularly pleased with Robertson's performance.

"Jim really ran a good race for us. It was sort of a victory for Jim,"

Robertson said. "He beat some kids from Lincoln that he had not previously."

North's second distance runner, Ken Meyer, was ailing with the flu, or else Robertson contends, the Steelers might

have done better. As it was, Meyer finished 26th.

"I was not a good race for Ken. He's been battling the flu lately," Robertson said. "I don't want to speculate, but if we were all healthy, I think we could have won it."

Saturday's invitational meet in Jacksonville was a seven-man individual meet.

In such a meet, each school represented pits its best runners against all the other schools' best. All second runners run against the other

school's second and so on through seven places.

In the seventh man race, North's Darren Bernaia finished second with a time of 16:59 on the Jacksonville three-mile course.

North's Keith Bono, who competed in the sixth runner competition, also finished second. Bono's time was 16:49, the fifth man competition, Ken Kalka finished ninth ahead of two competitors, with a time of 18:56.

North's first place victory came in the fourth competition as Bill Schaefer

finished first with a time of 16:24.

In third competition, North's John Peters finished second with a time of 16:48. Peter led the race for all but the last 80 yards at which time he went askew.

Meyer, who had not yet whipped the flu, turned in a "guty performance" as termed by Robinson as he won the second competition with a time of 15:59.

In the final and first runner competition, Robertson finished second with a time of 15:25. Roby of Mt. Zion won the meet.

Granite North Steelers

DeRuntz sets record-setting pace

Bruce DeRuntz, a sophomore at Spoon River College in Canton and a Granite City native, is setting new records in Illinois Community College cross country circles this season.

On a five-mile course at Sugar Grove, a Chicago suburb, last weekend, DeRuntz set a new course record at 25:35. The former course record, 25:38, was held by former teammate Rich

Smith, and DeRuntz's feat was the second in as many weeks. He also ran the four-mile SRC Crusaders' home course the week before, also breaking Smith's time by 14 seconds, and setting a new record of 21:10.

Coach Charles Black said DeRuntz, a former distance runner at Granite City North, has won all three meets for the SRC Crusaders this season. In addition to setting course records at the two recent events, he ran 8,000 meters at Springfield's Lincolnland in 21:39 in the season opener.

"DeRuntz is a surprise — and a welcome one — this fall," Black said this week.

"He's been training hard all summer and the work he's undertaken is now paying off," he said.

Smith, whose records DeRuntz is surpassing, was Black's top runner for the 1980 and '81 seasons and led the 1980 team to State championship. Smith is now competing at Bradley University.

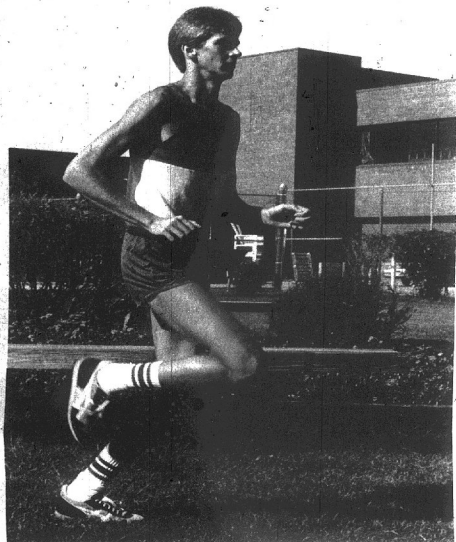

Despite DeRuntz's success, the Crusaders have not yet teamed up to win as a group. They placed ninth among 15 Illinois Community colleges last weekend and were defeated in two prior contests.

But Black is not discouraged. Two other runners, Jack Spring of Peoria and Mike Campbell of Silvis, join DeRuntz as second-year runners for the Crusaders. First-year men are Tom Razo of Chillicothe, Joe Colglazier of Lewistown and Scott Shaw of Canton.

Coach Black, before the season began, anticipated a "character building" year, but DeRuntz's performance so far has made him more optimistic. Four more contests are scheduled before Regional Community and Junior College competition, including the Spoon River College Invitational, October 16.

Spoon River College has nearly 3,000 students and its main campus is in Canton in West Central Illinois.

DeRuntz is the son of Gene and Helen DeRuntz of Maryville Road, Granite City.

Bruce DeRuntz

Cougars prep for UMSL, Quincy College

By AL BARNES
For the Press-Record
EDWARDSVILLE — Two of the three area teams which traditionally and annually vie for national soccer rankings with the Cougar kickers of Southern Illinois University at Edwardsville will play Coach Bob Guelker's SIUE eleven this week at Cougar Field.

First, Tuesday, the fast-charging Rivermen (6-2) of the University of Missouri at St. Louis will battle it out with the Cougars on the SIUE pitch starting at 7:30 p.m. Then, next Saturday afternoon (1:30 p.m.), the Quincy College Hawks will be the top attraction at the Cougars' annual homecoming festivities.

UMSL, off to a bad start by losing to St. Louis U., 4-0,

early in September, have rallied and are in the Top Ten of the NCAA Division II schools. A victory over the Cougars by Coach Don Dallas' Rivermen would assure the Rivermen a "winning season."

And, the always tough Quincy aggregation, which has won more NAIA (small schools) championship (nine) than any other school in the country, is always a bitter foe for the Cougars. The 1981 clash between the two Midwest powers was won by the Cougars, 4-3, in overtime.

Now, following tough losses to Avila College and most recently an almost embarrassing loss to St. Louis U., 4-0, the Quincy Hawks will be doubly dangerous against the Cougars.

Coach Guelker's SIUE eleven prepared for their Rivermen and Hawks games with an awesome display of offensive power Friday night at Cougar Field in a 9-1 victory over the Red Birds of Illinois State U.

Illinois State, in the Red Birds' fifth season of soccer, are now 7-4 while the Cougars upped their record to 8-2-1. Illinois State came into the Cougar game sporting a five-game winning streak, but the Cougars completely dominated the game from the opening kick on.

The Cougars have now tallied 43 goals while holding their opponents to just nine. Bill Stallings opened the scoring for SIUE against Illinois State at the 13:52 mark on an assist from Steve Gauvin. Dan O'Keefe made

it 2-0 for SIUE at 17:32. Stallings ran it to 3-0 on a lead pass from Dan Mallow at 25:35. O'Keefe picked up the game's fourth goal at 27:35, again on a pass from Mallow. A goal by Bruce Bellinger was disallowed on an off-side infraction just before the half ended.

Tom Blake, the younger brother of former Cougar great, Jack, set up Mat Tracy for SIUE's fifth goal. At this point, Illinois State players' frustrations really began to show and resulted in a direct penalty kick to Sean Mulqueeny to run the score to 6-0 at the 33:20 mark.

Bruce Bellinger scored the game's most spectacular goal on a simply beautiful "lead pass" from Ty Chivanga of Zimbabwe, South Africa, at the 72:02 mark. Bellinger then completed his "hat trick" by scoring his third goal of the game at 79:40 with Tom Blake gaining the assist. At the 84:50 mark, Steve Schell ran SIUE's score to 9-0 as he scored on an assist from Chivanga.

At the 87:05 mark, Illinois State spoiled the Cougars' bid for a combined shutout by Ed Gettemeir (first half) and Dave Cappetta (the final 45 minutes) when Bob Walker blasted in a goal with an assist from Mike Blas.

By AL BARNES

All those fans who predicted that attendance at major baseball games during the 1982 season would be down because of last summer's dismal players' strike have been proven to be amazingly very wrong.

I, for one, believed that both the owners and players were wrong before, during and even after the strike. Each lost sight of the basic fact that the sport of Baseball is unique in the American Life Style, its mores and its deep-seated hold on what the Public believes in.

The old ball park is truly a place where the average citizen and, for that matter, its top citizen, the President, can take themselves to let off steam and thoroughly enjoy just being with friends and, for that matter, friendly foes. And, while quaffing a Bud (or any beer), venting your frustrations off on a blind Tom of an Umpire is a right owned by all citizens.

Of course, the terrific tight races this year in all four divisions in both the American and National leagues have contributed to the fans' interests and resulted in near capacity crowds for most of the season.

Now that we know it'll be the Braves who will oppose our beloved Cardinals up the play-offs, Whitey Herzog and his amazing Red Birds have really brain fried the whole area of metropolitan St. Louis together as one in their support. Oh, of course, you'll find an occasional individual still nuts enough to be a Cub fan, but not as many as there once were.

Talking about baseball, southwestern Illinois fans have, in addition to their high school teams, two other teams that they can "follow" each season: Coach Gary (Bo) Collins' Southern Illinois U. at Edwardsville Cougars and the Southwestern Illinois Civics semipro nine, the brain-child of mainly Pat Peterson, ex-Cougar infield (shortstop) and former minor league star in the New York Yankees' farm system and now manager of the Home Nursery company headquartered in Edwardsville.

Both the Civics and Cougars registered great seasons in 1982, but each ran into sorry disappointments at the tail end of their season. The Civics, after winning the Missouri State National Baseball Congress tournament, failed to advance beyond a pair of games — both losses — at the U.S. tourney at Wichita, Kansas. . . . and the Cougars who lost their own NCA crown in the Midwest regional in May.

Now, the Cougars are hosting a fall tournament this weekend with teams from Belleville Area J.C., Meramec J.C., Quincy, St. Louis U., and others. The Civics, in turn, have, in turn, been playing in a meet down in Venice, Ill.

So, if you can't locate (steal or buy) ducats (tickets) for the playoff games and want to see some good baseball games, watch the newspaper for schedules

of the Cougars and Civics games.

An Idea for Amateur Baseball
The question of the loss of baseballs during games on the amateur level — grade and high school, college, semi-pro, American Legion, Little League, et al — when batters "foul off" pitches which are lost and never found is a great problem to all those teams.

With baseballs costing in the neighborhood of \$2.50 and up, it's easy to see that lost balls are a real financial threat to the sport.

However, there is a way to solve this problem. How? Simple. I saw how one school solved its lost ball problem down in South Carolina about seven years ago when I was on a Spring Break trip with Coach Roy Lee and his SIUE Cougars.

We came into this town where the defending national NAIA championship Newberry College club were hosting us for one nine-inning game.

Their park had no fence in center field and the line to that part of the park was at least 450 feet.

The possible loss of baseballs into the vast center field region wasn't the park's problem. Instead, it was the densely wooded section behind the backstop which was the potential source of lost foul tips.

But, such was not the case. Foul balls were being quickly returned to play and it didn't occur to me how that was happening until along about the fifth frame when, out of the corner of my eye, I noticed that a beautiful black retriever dog came dashing up to an elderly man behind the backstop with a ball in his (the dog's) mouth and dropped it on the ground at the feet of the man.

So, just to see what and how the dog was doing it, I got a player sub to take over my scorebook and I moved into the woods to see how the dog was retrieving the foul balls.

What an amazing feat it was. The dog was, in fact, putting the front of the ball off of the hitter's bat into his computer brain and then was going straight to the second or third base area and land. Once, in that territory, the dog would automatically

Race against weather to complete underpass repairs

By VALERIE EVENEDEN

of the Press-Record.
Although there still is no official word on a completion date for the major repair work and improvements currently underway at the Venice underpass on Broadway, the project is progressing, Venice City Council members learned at their meeting last week.

The underpass and the heavily traveled state detour route over Bissell and Klein streets to Illinois Route 3 and the McKinley Bridge were among several issues discussed.

Other items focused on the need for council agreement to abide by the outcome of a study and final decision in reference to the Metro-East Sanitary District's Lansdowne Treatment Plant, heard plans for a public meeting to review and update a sewer facility plan and proposed changes in Bi-State bus schedules in the Quad-City area.

Venice Superintendent of Streets Tom Scaturro advised aldermen that a new drainage pipeline to the underpass currently is being installed across the levee and this phase of the project should be completed this month.

"I'm afraid cold weather is going to be here before they get it finished," Mayor Tyrone Echols commented. Estimates of the time required to complete the subway repair project have ranged from Thanksgiving Day until "after the first of the year." None of the estimated completion dates has come from official sources, however.

The Illinois Department of Transportation (IDOT) awarded a \$993,812 contract for improvements at the Broadway underpass in August. The project involves the construction of a deep well drainage system, sewer repairs and installing eight-tenths of a mile of concrete pavement on Illinois Route 3.

The Venice underpass, which carries a large volume of vehicular traffic under several railroad lines to the McKinley Bridge and Illinois Route 3, has been closed since the drainage system collapsed beneath the subway, along with the pavement, July 10.

IDOT is responsible for the extensive repair program to correct conditions at the underpass. Prior to the emergency closing, the state highway department was slated to begin scheduled repairs in late August.

Concern for the condition of Klein Street, due to increased traffic, again was expressed by Fourth Ward Alderman Charles Haynes, who commented, "With those big trucks coming down I'm afraid we're losing it."

Alderman Haynes was reassured by the mayor, who said the main arterial street will be resurfaced, "but they can't do much with traffic the way it is. It's the holes get too bad, I hope they'll fill them up."

Council members were urged by Mayor Echols to agree to take whatever action is necessary to comply on a step-by-step basis in connection with a study to bring the communities of Madison and Venice and the Metro-East Sanitary District into compliance with dictates of the Illinois Pollution Control Board.

The mayor told the aldermen that in response to a court order, "You must agree to take recommended action," else they can come here and take you out of your seats and carry you to jail."

He continued, "In March, 1981, we agreed to participate in this with the Metro-East Sanitary District as the agency and we are now under a court order so that we must agree."

Council action is necessary to allow a state construction grant to proceed and to agree to abide by the results of a study which will determine the best method of disposing of sewage and wastewater in certain communities, now under restriction.

The way it stands now, the state will pay 75 percent of the cost, but this position could change to the state paying only 55 percent and the communities involved then paying 45 percent," the mayor warned.

A public hearing is scheduled at 7 p.m. Tuesday, Oct. 12, at the Madison Fire Station hall to hear two alternate plans which are being considered for the Lansdowne area by the engineering firm of Horner and Shifrin, Inc.

The affected area includes Madison, Venice, Brooklyn, National City, Washington Park, Fairmont City, Caseyville and part of East St. Louis. Some residents in the unincorporated area of Venice and Nameoki Township also are affected.

The sewage treatment proposals currently being considered include abandoning the Lansdowne Sewage Treatment Plant

and discharging the wastewater being treated at Lansdowne plant to the Granite City Sewage Treatment Plant, or upgrading the existing Lansdowne plant by the addition of extra facilities. Results of this study will serve as the basis for determining how the wastewater in the Lansdowne area will be treated and, eventually, will impact upon the cost to the users of the system.

"The engineers are studying the proposals now to see which way we'll go, but we have no say in this," Mayor Echols told the council.

Questioned about what

(sewer) rates will be charged users, Mayor Echols replied, "I don't know and I would like to see some rate costs."

"If bills should be tripled, it's going to be very hard on people with fixed incomes. But they don't know that now."

"Neither the state nor the federal judge is interested in what we are thinking (about rates). They are going to approve the plan that's the cheapest."

"I understand that Granite City is to provide the engineers with some sort of proposed cost. What we want to know, though, is what it's going to cost after the initial (construction) cost."

Third Ward Alderman John Ervin stated, "I understand the court order, but I don't want to get another ambulance trip with Granite City," referring to problems Venice had in meeting rate increases when the community was part of the Granite City Ambulance Service.

"If the Granite City plan costs \$5 million and the other proposal costs \$10 million, you know where you are going to go," the mayor said.

"I advise all of you to go to the meeting next Tuesday in Madison and ask questions."

The meeting is designed to give residents a voice in the project plans, it was noted.

In other business, the

aldermen were advised that, due to escalating costs and an inability to raise subsidy revenues, Bi-State Development Agency has an operating budget that is lower than last year's and has ordered several economy measures to accomplish this budget, including the reduction of 112 administrative jobs.

Modification of routes and schedules to make them more efficient also is proposed. Starting Nov. 29, 1982, Bi-State will make adjustments on 41 routes, including McKinley Bridge Route 530 and Pontoon Express Route 530X.

On McKinley Bridge 530, the average time between

buses will be lengthened on weekdays from 15 to 18 minutes during the morning peak hours and from 10 to 15 minutes during the evening peak hours.

On the Pontoon Express Route 530X, on weekdays,

the time between buses will be lengthened from 10 to 12 minutes during morning peak hours and from 10 to 12 minutes during the evening peak hours, according to Michael H. Seizer, Bi-State general manager of transit.

Charles Knott and Kimberly Callahan

Knott-Callahan

The engagement of Miss Kimberly Jane Callahan and Charles Timothy Knott is being announced by her parents, Mr. and Mrs. John Cox, 23 Briarcliff Drive. Parents of the prospective groom are Mr. and Mrs. Neal Rappaport, 2320 Elm Ave., and Ken Knott of Bunker Hill, Ill.

Miss Callahan will graduate in January from Granite City High School South.

Her fiancé is employed at Harvard Interiors in St. Louis and is a 1982 graduate of South High School. A Feb. 19 wedding is being planned by the betrothed couple.

Mrs. Poole hosts reunion

Mrs. Fred Poole of Midway, Ill., entertained guests at a family reunion to honor Mr. and Mrs. Fred Strackeljah of Idaho Falls, Idaho.

The honorees came to this area to attend the 50th reunion of Mr. Strackeljah's graduating class of Granite City High School held at Sunset Hills Country Club, during the weekend.

Attending from Granite City were, Mr. and Mrs. William Reimler, Mrs. Clara Stein, Mr. and Mrs. Lester Martin, Mr. and Mrs. Roland Riddle, and Miss Karen Poole.

Out of town guests included Mr. and Mrs. Harry Strackeljah of Irving, Ill., Harry J. Strackeljah of St. Ann, Mo., Mr. and Mrs. Jerry Poole and daughters, Jerilyn and Jaime of Bunker Hill, Mr. and Mrs. Ralph Grange, Edwardsville, and Mr. and Mrs. Roland Jacquot of Belleville.

Trio Unit observes unit anniversary

Members of Trio Unit, Homemakers Extension Association, met at Hope Lutheran Church last week for a potluck luncheon and meeting to celebrate the anniversary of the unit.

Attending were 28 members and four guests, Virginia Little, Ruben Snyder, Alpha Logan and Louise Davis. Hostesses were Bea Rittenhouse, Roberta Feder and Vera Carey.

Immediately following the lunch hour the recreation chairman, Naomi Chapman, led the group in games and awarded prizes to Emma Jackick, Helen Miller and Ivan Graklandoff.

The major lesson entitled, "An Ounce of Prevention" was presented by Rose Kayser, vice-chairman, and Helen Robertson, family life chairman.

Announcements included a notation that a cancer detection seminar will be

held on Oct. 27 at 7:30 p.m. in the Farm Bureau building in Edwardsville. Also the next meeting will be the district session on Nov. 1 at 7 p.m. at Nameoki Presbyterian Church. The topic of the latter meet will be on Decorating for Special Occasions using Natural Materials.

Mrs. Pat Mitchell gave a report on Infant Death Syndrome.

Helen Roessner and Marie Durbin displayed samples of quilted picture frames, ornaments and crafts to be made at a craft day set for Nov. 3 at Hope Lutheran Church to begin at 10 a.m. Those attending are to bring a sack lunch. Plans for a Christmas party will also be finalized at the gathering, the chairman noted.

GC Homemakers hear Mrs. LaNell Lesseg

Mrs. LaNell Lesseg presented the major lesson entitled, "An Ounce of Prevention" at a meeting of the Granite City Unit of Homemakers Extension Association.

She stressed the need to be responsible for ones life style and improve it in relation to nutrition, exercise, and smoking. Certain conditions such as dental health ap-

pear to be influenced by heredity, she said. Heart and blood vessel disorders account for half of all deaths in the United States this year. The frequency of medical examinations are recommended as age increases, Mrs. Lesseg added.

Members met at the Nameoki Presbyterian Church with Mrs. Elizabeth Schmidt in charge, she welcomed 22 members and a guest, Mrs. Lillian Adams, district vice-chairman. Alma Beckman read the Homemakers Aim and

reports were given by the secretary and treasurer. The second vice-chairman, Martha McIlroy, gave a review of the membership committee activities.

As the cultural arts were discussed Adele Wasylak displayed craft items she and Marcie Johnson had created, and announced the craft day will be Nov. 9 at 10 a.m.

In other business the club policies were reviewed and approved and a program survey was taken and forwarded to the county office.

A district meeting is scheduled for 7 p.m. on Nov. 1 at the Nameoki Presbyterian Church, it was announced.

Mrs. Louise Thompson closed the meeting with the Homemakers' Creed. Mrs. Hulda Griffith was hostess for the potluck dinner and used a yellow and brown autumn motif for the table decorations and hand crafted items as a con-

terpiece. The recreation prize went to Wilma Owca. Others present were Leona Delaloye, Bessie Grasso, Bernice Johannigmeier, Toni Lynch, Freddie McElroy, Ann Palsgrove, Helen Parks, Mary Radick, Madea Ramsey, Irma Taylor, Martha Taylor and Laura Travis.

PORK QUEEN TO HOST DEMONSTRATION
Laurie A. Svoboda, Madison County's pork queen, will host an evening of pork demonstrations and sampling of various pork recipes Wednesday at the Farm Bureau Auditorium, 900 Hillside Ave., Edwardsville, beginning at 7 p.m.

Persons planning to attend are urged to call the Cooperative Extension Service at 1-656-8400 for reservations.

Miss Svoboda, 20, resides with her parents on a hog farm north of Edwardsville. She is an honor graduate of Lewis & Clark Community College in Godfrey with a degree in secretarial science. She has been in 4-H for 10 years.

Mr. and Mrs. Ralph Littlejohn

Littlejohn-Combs

The wedding of Florence B. Combs, 508 East Grant, Dexter, Mo., and Ralph C. Littlejohn, 2209 Iowa St., was solemnized on Oct. 3 at Central Baptist Church.

Officiating at the 1 o'clock afternoon ceremony was the Rev. Wayne Musatics.

Immediately following the service a reception was held in the home of Mr. and Mrs.

Howard French, 3939 Park Lane. Mrs. Essie French served as matron of honor and Robert Littlejohn, a son of the groom, was the best man.

Tammy French was the flower girl and Howard French a groomsman.

The newlymarried Mr. and Mrs. Littlejohn will reside in Dexter, Mo.

Auxiliary members at division meet

Local Amvets Auxiliary members attended the Amvets and Amvets Auxiliary Fifth Division meeting held at the Mount Vernon Post Home in Mount Vernon, Ill., for a weekend session.

President Lois Shoemaker, of the host post, presided and accepted reports from each auxiliary reviewing activities held during the past three months.

During the business meeting new by-laws were read and accepted followed by a discussion on various scholarships available from the Amvets.

An American flag, donated by the Auxiliary Post 51, was won by Mrs. Hilda Gravelle from Madison Post 204.

The next division meeting

will be held in Granite City on Sunday, Jan. 9, it was noted.

Attending from this area were, Mrs. Gravelle, Fifth Division PRO, of Madison, and Brenda Wells, Betty Clemens, division third vice-president and Glenda Brookman, division parliamentarian, all of Post 51.

GETS IN HOUSE

While in the basement during the weekend, Mrs. Jeanne Butkovich, 1620 Primrose Ave., heard footsteps upstairs and thought it was a family member, but later found that her wallet, containing \$37 cash, and charge cards, and a gold wedding ring with eight rubies, was missing. The items had been on top of the television, she said.

\$1.5 million lawsuit for girl hurt by riding mower

A \$1.5 million lawsuit has been filed against McDonough Power Equipment Company, Inc., manufacturer of the Snapper Comet 30 riding lawn mower, and Marcellus Mueller, of Mueller's Service, a distributor of the lawn mower, by personal injury lawyer John E. Norton of

Norton, Bonfield and Associates in Belleville. The firm also operates an office in Granite City.

The suit alleges that an 8-year-old girl was seriously injured when she tried to turn off a mower at her home near Germantown on Aug. 18, 1981, and the lawn mower moved, knocked her to the ground and injuring her.

According to court documents, Shirley Vonbokel lost her right foot, ankle and part of her right leg, which had to be amputated following the accident.

It also is alleged that McDonough Power Equipment Company knew of the defective condition of the lawn mower and that it could move while in the parking gear by merely being touched by an operator, user or other person.

GREEN AUTO STOLEN

The green 1969 Buick Electra four-door auto of Rose Marie Hunter, Caseyville, was stolen Thursday while parked in the 2600 block of Edwards Street.

by DONNA KIMBRÉ of the Press-Record

The Edwardsville Montessori School, "The Children's House" founded in 1971, has moved to new facilities at 4401 Highway 101 (the former Stallings School) and will host open house on Wednesday, Oct. 13, from noon until 3 p.m.

Educators, parents and residents of the community are being invited to visit the school and tour the classrooms during the observance, Mrs. Mary Beth McGivern, head directress of the school said.

A new concept in education, in this area, the Montessori education was introduced in this country in 1912, with one of the early schools being established by Alexander Graham Bell in his own home. After an initially enthusiastic reception, interest in the Montessori approach soon waned as the dominant emphasis of education shifted from the development of intellectual skills to life adjustment, and from the need for limits in the classroom to permissiveness.

This was not typical of the

MISTAKEN IDENTITY. The 1982 homecoming queen and king for Granite City High School North are Rita Harrell and David Long. The two seniors and the homecoming court were presented last week after each performance of the homecoming play. Long was mistakenly identified as Tim Dean in the Oct. 7 Press-Record. We regret the error.

(Press-Record Photo)

Open house Wednesday for new Montessori school

response to Montessori education in other parts of the world, where it continued to flourish.

The Montessori approach was reintroduced in the United States by Nancy McCormick Rambusch in 1953, and, principally because of the changes in the psychological and educational climate, there has followed a tremendous resurgence of interest in this system of teaching. There now are approximately 400 Montessori schools in this country.

Children are enrolled at age 2 and continue through the sixth grade at the school, which first opened in 1971 in Edwardsville using classrooms at Eden United Church of Christ.

Through the years, classes were extended to accommodate more students and, in 1976, an elementary program with 6-year-olds was instituted. The Belleville satellite school, The Children's House-St. Clair, was opened in 1980 for its first primary class.

The Montessori School was founded as a non-profit educational facility open to anyone. The theories and methods originated and developed by Dr. Maria Montessori constitute the fundamental approach to early learning and child development. The basic aim

of the school is, "to help the child to help himself."

Licensed by the state of Illinois, Department of Children and Family Services, the school also is accredited by the Association Montessori Internationale; Amsterdam, the Netherlands, and is registered as a non-public elementary school with the state.

All classes are taught by AMI directors and directresses, holding the internationally-recognized diploma of the Association Montessori Internationale. All members of the teaching staff hold baccalaureate degrees and many have advanced degrees in various educational areas.

Mrs. McGivern has earned an AMI 3-7 certificate from the Montessori Teacher Training Center of St. Louis in 1974, AMS Teacher Certificate from the Midwest Montessori Teacher Training Center, Chicago in 1971, a bachelor of science in history from Barat College, Lake Forest, Ill., minors in English and education; master's degree in elementary education from Southern Illinois University at Edwardsville and Illinois elementary and secondary teaching certificates.

She is the founding directress of The Children's House-St. Clair, Montessori directress at The Children's House in Edwardsville since 1974, was a teacher of the physically handicapped at the Easter Seal Society, Granite City, and taught two years of kindergarten in the Granite City Public School

System and three years as junior high school teacher in self-contained classrooms in private schools in Evanston, Ill., and Fayetteville, N.C.

Other members of the staff include, Alan Westcott, elementary director; Margaret Anderson, directress; Elaine Suhre, co-directress; Marion Thompson, Spanish teacher; Annette McCarthy, directress; Mary Ann Shaw, reading consultant; Sharon Frey, administrative secretary, and Sue Van Benthuyssen, elementary classroom aide.

The decision to move the school from the Edwardsville church, with cramped quarters, came when Lamar Moore, a Granite City businessman purchased the school complex and did not need the actual school for his operation.

Larger classrooms with a light and airy atmosphere enticed the school officials to make the move and sign a five-year lease. The only major repair was to lower the ceilings and paint all walls before the school opened. Educational supplies could be moved to the new location in June in preparation for the fall session.

Moore retained the gymnasium section for his construction business and his son, Bruce Moore, shares the area for his trucking company.

This system of education is both a philosophy of child growth and a rationale for guiding his growth. It is based on the child's

Saturday, Oct. 9: 506

ZONING HEARING SET.

The Madison County Zoning Board of Appeals will hold an on-site public hearing at 2100 Hildebrand St., Eagle Park Acres, at 9:45 a.m. Tuesday, Oct. 26, to discuss a request by James Richey and Betty and John Lashy for a special use permit to place a mobile home on the property for at least five years. The property is in an R-4 single-family residential district of Nameoki Township.

Dr. Maria Montessori (1870-1952), the Italian physician who formulated this method, had a particular genius for observing children as they really are, rather than as adults wish them to be.

Dr. Montessori's writings suggest to both parents and teachers many advantageous conditions for the natural development of the whole child from birth through maturity. The classroom materials are simply an implementation of one aspect of her total philosophy, the school directress added.

Live music will be hallmark of new State Theatre in GC

Live entertainment will return to Granite City on a regular basis with the opening of the new State Theatre, 1917 State St., formerly occupied by the Rock Church.

Rick and Barry Roberts of Granite City have remodeled the church and are striving for a relaxed atmosphere where persons can sit back, relax and enjoy live family entertainment at an affordable price.

The Mountain Gravy Country and Western Band will be featured this Friday night. Admission will be \$1.50 per person.

The Roberts say they plan to seek a wide variety of types of entertainment, not just country and western music. Plays also may be presented there. "Any type of live entertainment" suitable for the family is possible, they said.

They also hope to install closed-circuit television in the near future to show boxing matches and other national events.

A concession stand also will be open during the entertainment.

"It is in the best interest of the State Theatre and downtown Granite City to be able to entertain all of the public, young and old, in a

good fashion and at very affordable prices. We hope the public will accept us as we can have a respectable place of business where people can be entertained in a suitable fashion," Barry Roberts summarized.

Uses blanket in hanging attempt

In response to a call of a troublemaker at a residence in the 2600 block of Lincoln Avenue at 12:55 a.m. Sunday, officers arrested a 19-year-old Keyesport (Ill.) man, who was wanted on two outstanding local warrants alleging criminal trespass and a misdemeanor theft.

When the man, a former local resident, threatened to harm himself if taken into custody, he was placed in a special cell without clothing. At 1:30 a.m. Sunday, the man was found hanging by a blanket from the cell bars. He was taken to St. Elizabeth Medical Center for treatment and then transferred at 2 a.m. to Alton State Hospital upon the advice of a physician.

BANK GROUP MEETS

According to Randy E. Vollmar of First Granite City National Bank, local representative for the newly-formed Metro-East Chapter of the Association for Modern Banking in Illinois, the first program meeting will be held at Buckley's Restaurant in Fairview Heights, Oct. 21. The topic will be "A.M. Sharing." Non-A.M.B.I. member banks have also been invited to participate. Further information is available from Randy E. Vollmar, 461-5475.

Miss Champion party honoree

A welcome home party was hosted this week by Mr. and Mrs. Frank Champion of Granite City for their granddaughter, Miss Robyn Champion of Houston, Texas, formerly of this area. She is presently here on a visit with friends and relatives.

Those attending were her parents, Mr. and Mrs. Conrad "Babe" Champion, Mrs. Howard Weston, grandmother, Mr. and Mrs. Walter Spiceland, an uncle and aunt and Sandy Erecovich of Pekin, Ill., a cousin.

Each woman received a long stem red rose and the guest of honor was presented with a yellow rose a gift from Mrs. Paul Lunsford, an aunt who was unable to attend. Miss Champion will travel to Chicago this week to attend a wedding of a classmate before returning to her home.

FIVE GENERATIONS of the Finazzo family gather for a family portrait. All Granite City residents they are from left, Mrs. Connie Bronnbauer holding her infant daughter, Kristin, Mrs. Concetta Broyles, great-grandmother, Mrs. Rosalie Finazzo, great-great-grandmother, and Mrs. Rosalie Bronnbauer, grandmother of the new arrival.

DeMolays serve at convocation

DeMolays from District Four and 10 served as usher for the convocation of the Northern Jurisdiction of the Scottish Rite Freemasonry in United States at Stouffville Inn, downtown St. Louis, and at the Scottish Rite Cathedral at Lindell Blvd., St. Louis.

Serving Sunday were David Medley, John Donjoan, Ralph F. McKinney Jr., Neal Mize, Antonio Narvaez, Keith Payne, Terry Perrin, and Jimmy K. Stuart and Brad Wofford. They were accompanied by advisor Jimmy E. Stuart.

Mr. and Mrs. Talley observe anniversary

Mr. and Mrs. Lloyd Talley, 521 English Place, observed their 50th wedding anniversary at their home and received relatives throughout the day.

They were married on Sept. 17, 1932 in Waterloo, Ill., on the 19th birthday of Mr. Talley.

Due to health reasons no special celebration was held at this time.

The honorees are the parents of three children, Mrs. Ronald (Joyce) Corey, Mrs. Judith Richardson.

They also had five grandchildren, Mrs. Phillip (Shelley) Hill, Cindy Talley, Carrie Richardson, Emily Richardson and Kelly Corey, who is deceased, and a great-grandson Joshua Hill, all of Granite City.

Jeff Worthens parents of girl

Jessica Lee is the name selected by Mr. and Mrs. Jeff Worthens, 3318 Franklin Ave., for their daughter, born Sept. 14 at Oliver C. Anderson Hospital in Maryville.

The infant weighed seven pounds, 12 ounces, and has a 2-year old brother, Ryan. Grandparents are Mr. and Mrs. Paul Worthens, Mr. and Mrs. Hoyal Brooks and great-grandparents include Milton Worthens and Mrs. Edna Smith, all of Granite City.

EXCITING RIDE. A ride in Pantera's hot air balloon is the prize for the children, who brought the most visitors to the Tri-City Park Tabernacle's Kids Crusade. Twenty-five won a trip to the skies in the colorful balloon.

Children win sky ride

Tri-City Park Tabernacle Church recently conducted a "Kids' Crusade," which attracted more than 450 during each of the four-night services.

Prizes were presented at each program and a grand prize — rides in Pantera's hot air balloon — was awarded to the 25 children, who brought the most visitors to the event.

Clowns, puppets, music and "illustrated sermons" were provided for the crusades by Dale and Betty Dickey and Randy and Luida

Hildreth. An added feature involved visits to a special "time tunnel" through which a Bible hero "returned" to tell of his experiences.

The balloon rides were given in conjunction with a huge pizza party at the church. More than 400 attended. Each Sunday at 10:30 a.m., a children's church service is conducted at Tri-City Park Tabernacle, 3400 Maryville Road. All children in the third through sixth grade age level are invited.

Fall Festival at St. John's

St. John United Church of Christ, 2901 Nameoki Road, announces Oct. 17 as the date for its sixth annual Fall Festival, which includes a church dinner and bazaar, according to Dorothy Johannmeier, general chairman of the all-church event sponsored by the Stewardship Committee.

Craft items, Christmas gifts, and homemade delicacies will again be featured at the bazaar according to Linda Sturman and Sara Bryant, bazaar co-chairmen.

The family-style menu will include homemade pork sausage, mashed potatoes and gravy, sauerkraut, green beans, apple sauce, bread, homemade pie or cake and beverage. Tickets are \$4 for adults, \$2 for children under 10, and children five and under are free. Serving hours are from 11:30 a.m. to 6 p.m.

The Farmers' Market booth will feature homemade jellies, jams, pickles, relishes, and breads. Plants, baskets and gourds will also be sold. The Handicraft Boutique will have quilts, afghans, pillows, macramé, and other handmade items. All types of Christmas decorations, gifts and ornaments will be sold in Santa's Workshop. For Kids Only is a unique booth that specializes in treats for youngsters of all ages. Again, the St. John Brotherhood will feature the Sausage Shoppe where homemade pork sausage, blood sausage, liver sausage, and headcheese will be sold. There will be no advance orders taken for the sausage this year, the chairman added.

By JIM SCHLUETER
Madison County's general fund expenditures will have to be trimmed to \$10,771,000 in 1983, the county's finance committee has learned — a decrease of more than \$1.7 million from this year.

The committee finally began looking at general fund line items after months of preparation for a budget that it knew would have to be cut in light of shrinking revenues.

According to County Auditor Arthur "Pete" Pfeiffer, the county will collect \$11,371,000 in revenues in fiscal year 1983, which begins Dec. 1.

The finance committee wants to set aside \$600,000 of that amount as reserves, leaving \$10,771,000 for expenditures.

The county's general fund reserves had dropped to \$400,000 in 1982, and the committee wants to bring the reserves up to \$1 million, which could almost cover one month's operational expenditures in case of

TOASTING NEW BANK. Officials of Granite City Trust & Savings Bank host area business leaders at a private party prior to the opening of the bank's newest office in the

2400 block of Madison Avenue. The new bank opened last week and is in full operation. Facilities include drive-through lanes. (Press-Record Photo by Gary Schneider)

County income shrinks by \$1.7 million

emergency.

In 1982 the county received \$11,046,171 in revenues and still had \$12.5 million in expenditures. The county made up the differences with federal revenue sharing money and general fund reserves.

But because of the threat of shrinking amounts of federal money, the county has decided to use these funds for capital expenditures instead of operations. Employee salaries are a large portion of operational costs.

The county also is wary of using up its reserves below the level of one month's operations.

The committee also received for the first time a

list of all departmental budget requests that included percentage reductions determined by priority lists turned in earlier this year by county board members.

High priority items were asked to take 0.5 percent cuts, while the lowest priority departments were asked to take 15-18 percent cuts.

According to the lists, if each department took the maximum cut in its range (for example, a 5 percent cut if the range was 0.5 percent), expenditures would total \$10,748,000, which would be less than under expected revenues.

If each department took the minimum cut, ex-

penses would come to \$11,802,000, which would exceed revenues.

However, Director of Administration Mary Kane said that some departments would not survive the larger cuts. She said that the sheltered care home (which could be funded by a special tax if November's referendum is approved) and the animal control department might not survive the cuts.

Mrs. Kane also said the police merit board, the license department and the liquor commission would have to undergo some drastic changes in order to still perform their services.

Finance committee Chairman William Little,

Alton, said he realized that some departments may not make it in 1983, but the priority lists will dictate how the funds are allocated.

"This thing is pretty well set for us. We may upset people, but we have to be honest," Little said. "Quite possibly, some of these won't be able to operate."

Mrs. Kane, who said some departments may not be able to survive even with the minimum cut of the range assigned, agreed with Little.

"Some can make it, and some can't," she told the committee. "You may wish to pick out some and put that money back in to help the ones you really believe in."

NOTICE OF PUBLIC HEARING TO BE HELD BY THE BOARD OF EDUCATION VENICE COMMUNITY UNIT SCHOOL DISTRICT NO. 3 TO COMPLY WITH THE TRUTH-IN-TAXATION ACT OF THE STATE OF ILLINOIS

NOTICE IS HEREBY GIVEN BY THE SCHOOL BOARD OF VENICE COMMUNITY UNIT SCHOOL DISTRICT NO. 3, VENICE, ILLINOIS, THAT:

1. The legal name of the taxing district is Venice Community Unit School District No. 3.

2. The aggregate amount of property taxes exclusive of election costs, and exclusive of bonds and interests costs, extended by the County Clerk of Madison County, Illinois, upon the levy by Venice Community Unit School District No. 3, Venice, Illinois, for its fiscal year 1981-1982, based on the assessed valuation of the property within the Venice School District, for the year 1981, was \$503,000.00.

3. The amount of Venice Community Unit School District No. 3 proposed levy, exclusive of election costs, but including bonds and interest costs, estimated as necessary to be raised by taxation for the District's fiscal year 1982-1983, and based on taxes levied against the assessed valuation of the District for the year 1982, is \$628,700.00.

4. Said proposed levy of \$628,700.00 represents an increase of \$125,700.00 or a 25% increase in the proposed aggregate amount of property taxes to be levied and extended for the fiscal year 1982-1983 against the assessed valuation of the District for the year 1982 as said levy relates to the taxes extended on the levy of the preceding year of 1981.

5. A public hearing regarding said proposed aggregate amount of property tax to be levied and extended for the District's fiscal year 1982-1983, on the assessed valuation of the District for the year 1982, will be held at 7:00 p.m., on the 18th day of October, 1982, in the School Board Office located at 700 Broadway, Venice, Illinois.

All persons desiring to be heard on any matters regarding the proposed tax levy of the District for the year 1982 may appear and be heard at said time and place.

DATED this 5th day of October, 1982.

Girl Scout Cookie Sale opens Oct. 15

The annual Girl Scout cookie sale, sponsored by the River Bluffs Girl Scout Council, will open this year on Oct. 15 and continue through Oct. 25, according to an announcement by the council.

An American tradition that dates back to 1938, the project still is the main fund-raiser for the Girl Scouts, one of America's first youth groups, council officers explained.

The first Girl Scout cookie was a vanilla shortbread, baked in the shape of the Girl Scout insignia, the trefoil. 'This cookie is still a favorite,

but over the years, the Girl Scouts have added many more tasty cookies to the selection.

Varieties offered this year includes Samosas, Vanchos, Trefoils, thin mints, Daisies, Tagalongs and chocolate chunk.

Each box is priced at \$1.75 with the profits from the project to benefit local troop programs, council operations, services and programs on a council level. Deliveries will be made by the girls during the week of Nov. 8 to the 19th, it was noted.

GC woman reports being raped by 2

A Granite City woman told police at 1:35 a.m. Sunday that after accepting a ride home with two men in a yellow Ford Pinto, the pair drove to the vicinity of Sinclair Street in the North Granite area and raped her.

The woman said the driver was about 20 years old and 5 feet, 6 inches tall. He had a mustache and dark hair, which was parted on the side covering the ears. The second man was in his 20's, about 5 feet, 7 inches tall. His hair was light brown, parted in the middle, and he also had a mustache.

The victim was walking along Madison Avenue from a tavern in Madison when the car stopped and she accepted a ride home, she told officers. After reaching Sinclair Street, the two men in the vehicle, which had the rear seat folded down,

threatened to kill her if she did not comply with their demands.

The woman said she was forced to perform a sex act on each man and then was raped in the back of the vehicle by both men.

Afterward, the passenger in the auto suggested killing the woman to avoid the assailants being identified, but then warned her not to report the incident and she was released from the station.

The victim went to police headquarters and was taken to St. Elizabeth Medical Center, where she was examined by a physician and evidence was collected.

Areas of research to be conducted in the new facility include: allergies, arthritis, cardiology, gastroenterology, neonatology, nephrology, oncology, ophthalmology and orthopedics.

Cardinal Glennon Hospital has been involved in research since it first opened 26 years ago.

It has celebrated successes in such research areas as genetics, German measles, smallpox, lung and liver problems in new borns and some aspects of childhood cancer.

Most recently, the radiology department was nationally recognized for developing a system to reduce radiation exposure for children undergoing x-ray examinations.

Seek sponsors for Operation Snowball

The fourth Region IV Operation Snowball, a peer leadership and education program modeled after the Illinois Teenage Institute on Substance Abuse, will be conducted Oct. 15 to Oct. 17 at the Methodist Youth Camp in Makanda.

Teenagers from Madison, St. Clair, Monroe, Washington, Clinton, Bond and Randolph counties will be brought together to share information and consider feelings about alcohol and drug misuse and related life problems.

Those interested in participating or sponsoring a teenager may call 345-3300. The scholarship fee for the weekend is \$60, which includes lodging and meals. Scholarships are available for those who cannot afford the fee or for those who have no sponsor. Transportation will be provided from Collinsville.

Research on child ailments in this area

When the Pediatric Research Institute at Cardinal Glennon Memorial Hospital for Children opens its doors this fall, the local metropolitan area will have, for the first time, a facility completely devoted to research into pediatric and adolescent diseases.

Dedication ceremonies will be held Oct. 12 at 4 p.m. at the site of the newly constructed building, a half-block west of Cardinal Glennon, 1465 S. Grand, on Park Avenue.

The \$5 million research institute houses 20,000 square feet of laboratory space, classrooms, conference rooms, a special teaching laboratory and a seminar room. It will be staffed by top research scientists and physicians in the field of pediatrics, some currently involved in research at the hospital.

Areas of research to be conducted in the new facility include: allergies, arthritis, cardiology, gastroenterology, neonatology, nephrology, oncology, ophthalmology and orthopedics.

Cardinal Glennon Hospital has been involved in research since it first opened 26 years ago.

It has celebrated successes in such research areas as genetics, German measles, smallpox, lung and liver problems in new borns and some aspects of childhood cancer.

Most recently, the radiology department was nationally recognized for developing a system to reduce radiation exposure for children undergoing x-ray examinations.

The conference continues at 9 a.m. Friday with individual workshops on career information, reading, motivation, English language, mastery and English as a second language.

Adult education materials and credits by working teachers with ideas to share will be on display in the Patio Room throughout the two-day conference.

For additional information or to complete registration, interested persons may contact K. Duane Rankin, director of Adult Education Service Center at SIUE at 1-602-2254. Fees are \$32 for the full conference, including meals. Single day registration may be pre-

Venice gets \$60,000 launching area grant

By VALERIE EVENEDEN

Approval by the Illinois Department of Conservation of a \$60,000 grant for proposed improvements and construction at the boat launching area on the Venice riverfront was reported by Mayor Tyrone Echols at the Venice City Council meeting last week.

The project will be undertaken with the cooperation of the City of Venice, which is required to submit preliminary plans to the state conservation agency prior to Nov. 1.

The mayor asked City Attorney Lawrence Hartman to study the agreement prior to council action at the next session.

Improvements to the boat launching ramp, parking lot and area access roads are included in the proposed construction project, Mayor Echols said.

Despite some inconvenience in using the McKinley Bridge state detour route over Bissell and Klein streets to Illinois Route

3, Tom Fields, bridge manager, said he reported record use of the Venice-owned bridge during September.

An average increase of 374 vehicles per day compared to last year at this time was noted. A total of 342,157 vehicles utilized the McKinley Bridge last month, Fields reported.

The bridge manager also received council permission to advertise for bids for a pickup truck to replace the present vehicle, which is seven years old.

Fields said a truck will be sought on which a snowplow could be mounted, an attachment which would prove very helpful in clearing off the bridge in winter.

Bids from two firms in reference to a new garbage truck were opened. One listed a cost of \$41,640 and the second showed a \$39,680 price. Both bids were referred to the street and alley committee for review after First Ward Alderman John Fleig said two items on the second bid appeared not

to match specifications.

Third Ward Alderman John Ervin also mentioned the possibility of purchasing two 1979 garbage trucks for the price of one new vehicle, a fact he had uncovered while talking with a salesman at last week's municipal officials' convention in Chicago.

"I thought we should look into it," Ervin said. Attorney Hartman explained that new specifications must be drawn up and advertised if the council is interested in purchasing a used vehicle.

The Venice aldermen also heard about:

...A Madison County Economic Opportunity program whereby nutritious meals could be provided for elderly and handicapped residents in area townships at a nominal fee through the St. Louis Food Crisis Network by purchasing large quantities of food for a Metro East Food Bank.

...An offer from the Madison County Transit District to furnish passenger shelters at various bus stops, if the city will agree to maintain the shelters.

...The need to re-evaluate placement of a number of stop signs in Venice to conform to state specifications.

A request from Mrs. Adelaide Calhoun for street repairs in the area of Antioch Baptist Church, located at S. 6th and Short streets. "The street is very bad and our church is holding its 144th anniversary," she said.

The aldermen also granted a building permit to the New Salem Baptist Church to construct a brick and concrete block building at 1349 Klein St. The new 40-by-90-foot structure will be used as an educational center and for storage, the permit request noted.

Burglars get \$980 in loot

In a burglary at the home of Marjorie Harshbarger, 2338 E. 24th St., reported last week, the intruders broke a rear door glass and pried open a window to gain access to the dwelling. All rooms were ransacked.

Missing were a video arcade game valued at \$130, five video cartridges worth \$150, a stereo costing \$400, assorted jewelry worth \$200, a set of silverware worth \$50 and a camera worth \$50.

"Operations and hospital rooms cost a lot more than you think?"

First Chamber Music presentation Saturday

The Office of Cultural Arts and University Museums at Southern Illinois University at Edwardsville has announced its chamber music series for the 1982-83 year, according to David Huntley, director.

Violet Chang, internationally known soprano, opened the chamber series Saturday in Lovejoy Library auditorium. Miss Chang presented a program of German, French and Chinese songs.

The first coffee concert is scheduled Nov. 1 in the conference area of the University Center. Audiences for the 1982-83 city's coffee concerts are able to enjoy the informal background of an elegant nightclub, where seating is around tables with candlelight, coffee, and special desserts which are served at intermission.

The Annapolis Brass Quintet will perform Dec. 6

in the Communications Building theater. The music of Samuel Scheidt and Calude La Jeune will be highlighted in the program.

The second coffee concert is scheduled Feb. 14 in the conference area of the University Center. The first coffee concert will be held April 11 in the same location.

A chamber music group regarded by prominent critics as one of the brightest young string quartets in this country, the Chester String Quartet, will serve up a feast of delicate passages such as those contained in Debussy's "String Quartet in G Minor" on March 14. The concert is scheduled in the Communications Building theater.

On April 14, Eugene Haynes, an accomplished classical pianist who is a visiting professor at the SIUE East St. Louis Center, will bring to Lovejoy Library auditorium an elegant interpretation of the world's most beloved classics.

All of the events scheduled in the chamber music series will begin promptly at 8:15 p.m.

Patrons may purchase a set of tickets for all the events for a reduced price of \$16. Purchased separately, they would cost \$22.

Additional information about any of the concerts may be obtained by contacting David Huntley at 1-682-2996.

Kissing man arrested here

Joseph J. Swigert, 27, of 2540 Jorden Ave., was arrested at Granite City High School South at 7 p.m. Wednesday and was held on two counts of disorderly conduct. The complaints were signed by the Belleville Area College coordinator.

A juvenile girl said Swigert entered a restroom for women, introduced himself by his name, said she was attractive and reached out and kissed one of her hands.

A short time later, he is alleged to have introduced himself and then attempted to kiss the face of a juvenile girl who was standing with another girl outside the South entrance.

In both cases, the students reported the incidents to the BAC office. Police were summoned and officers arrested Swigert in a night class.

Cards of Thanks 31

THE FAMILY OF DAISY E. BULL wishes to express heartfelt thanks to all the friends and neighbors who helped us through these last days with prayers, expressions of love, food, floral arrangements and remembrances. Special thanks to the staff of Colonnades Nursing Home who made her last months more comfortable with their tender loving care, to the staff of Mercer's Mortuary and to Rev. Showers for the memorial service. Thank you all and God bless you. The Family of Daisy E. Bull, 31 10 11

THE FAMILY OF THE LATE ADA LUM WALTON would like to thank all many relatives, friends and neighbors, for their expressions of sympathy extended during our bereavement for her condolences, prayers, telegrams, cards, food, cards and other acts of kindness. We, the family of the late Ada Lum Walton wish to say, thank you. 31 10 11

Memoriams 32

IN LOVING memory of JAMES L. WALLACE, Oct. 11, 1981. I seem to see in the light, dim light, a face I loved the best, and think of him when the sun's last ray goes down in the far west. I know you no less as the time passes on, than I did on the day of your going, for absence can never close the door my heart. The lamp of my love is still glowing. Your heart was the truest in all the wide world. You love the best to rest, for no one on earth could take your place, you are still the dearest of all. — Sadly missed by wife. 32 10 11

IN LOVING memory of JAMES L. WALLACE, Oct. 11, 1981. Our family circle has been broken, a link gone from our chain, but though we're parted for a while, we know we'll meet again. The day we hope to meet you, some day, we know not when, we shall meet in a better land, and we'll meet again. We shall meet with many a loved one, that was, from our own embrace, we shall listen to their voices and behold them face to face. Sunshine passes, shadows fall, love's remembrance outlasts all. — Sadly missed by Children and Grandchildren. 32 10 11

IN LOVING memory of our dear brother, ALEXANDER J. ROZCYCKE, Oct. 11, 1981. A day we shall always remember, when the rest of the world forgets, a face that always before us, a voice that we cannot ignore. Asmile that will last forever, in memory we see him yet, please, God, take good care of him, for he was ours. — Sadly missed by Sisters and Their Families. 32 10 11

IN LOVING memory of FLOYD HAND, Oct. 11, 1979. Dear son and brother, three years has gone since the Lord called you home, in our hearts you will always be, because we have the sweet memory. — Sadly missed by Harry Hand Family. 32 10 11

IN LOVING memory of KENNETH R. WIGGINS, Oct. 11, 1961. — Sadly missed by his sons, Donnie Wiggins, Robert Wiggins and wife, Mable Wiggins. 32 10 11

NOTICE OF SALE

IN THE CIRCUIT COURT
OF THE
THIRD JUDICIAL CIRCUIT
MADISON COUNTY,
ILLINOIS

FEDERAL NATIONAL
MORTGAGE
ASSOCIATION, INC.,
a corporation,
Plaintiff,
vs.
ROBERT D. OSTRESH,
et al.,
Defendants.

No. 82-CH-254

Under and by virtue of the decree of said Court, made and entered in the above action on the 28th day of September, 1982, an Associate Judge, as an Officer of the Court, will on the 8th day of November, 1982, at the hour of 11:00 A.M., in Courtroom No. 11, of the Court House of Madison County, in Edwardsville, Illinois, sell at public auction, to the highest and best bidder, for cash, the following described real estate, to-wit:

Lot 138 in Block 4 Westmoor Place, as the same appears on the plat thereof recorded in Plat Book 14 Page 28, in the Family Residence District of Madison County, Illinois. Said sale to commence at 11:00 A.M. on the 8th day of November, 1982.

Terms of Sale: CASH. At said sale I will give to the purchaser or purchasers a certificate in writing, describing the lands and tenements purchased and the sum paid therefor, and at the expiration of six (6) months from Nov. 8, 1982, the holder thereof will be entitled to a deed for said premises, unless redeemed according to law.

Dated at Edwardsville, Illinois, this 29th day of September, 1982.

ASSOCIATE JUDGE
OF THE CIRCUIT COURT
OF MADISON COUNTY,
ILLINOIS

FRANK T. PLATTNER
Attorney for Plaintiff

Pay raises for some Madison school district employees

By PATHAY LUTZ
For The Press-Record
After negotiations on Thursday, the Madison School Board approved pay raises for several employees in School District 12. A title change providing a raise in salary also was approved for the position previously entitled "maintenance helper."

According to Superintendent John Palchek, the new title of "assistant maintenance supervisor" denotes "more of a supervisory position and provides more increment to the salary." Palchek indicated that both the job description and the title holding the position will remain the same.

The board also approved an agreement with the Union Star program concerning improvements at Dunbar School. According to Palchek, the board consented to lower the leasing rate for the program if Head Start will use the money received from a grant to make improvements at Dunbar. "The agreement will save money all the way around," Palchek said.

In a formal report to the board, Madison High School Principal Daniel Kostenski related the progress on the development of the in-house suspension program for the high school. Following a

board directive issued in May, Kostenski and a committee of seven teachers began developing a suspension program which will allow suspended students to continue their coursework during their suspension.

According to Kostenski, the new program would place the suspended students in a section of the school apart from the other students where they would remain in the school setting. "The students would have their own restrooms and will not have their own lunches or have them brought in," Kostenski stated. "The objective is to keep the students in the learning situation throughout the duration of their suspensions instead of putting them out on the streets," Kostenski said.

Kostenski noted that the committee is working hard to comply with the board's directive, which included that the program should be established by January, 1983. "We are developing a cost-effective program, and I feel that I have a very good committee," Kostenski said.

Everyone is making good contributions and we should be ready by January," he predicted.

Each item must be bid separately and each bid must be submitted in an envelope to be labeled "Sealed Bid" and the name of the item you are bidding on and addressed to the Board Secretary, Granite City Park District Office, 1304 N. Lincoln Ave., Granite City, Ill.

The Park District reserves the right to accept or reject any or all bids and waives all technicalities and will award the acceptable bid to the highest responsible bidder.

Children of public aid recipients eligible for immunization shots

Governor James R. Thompson has announced that children of public aid recipients are now eligible for immunization against disease under a new service offered by the Department of Public Aid.

"Immunization coverage represents an important step toward revamping the Medicaid system in Illinois," said Thompson. "This is a service that is not only cost-effective by helping prevent future expensive treatment, but it simply gives children

the opportunity to be free of sickness."

Recent federal budget cuts prevent the Department of Public Health from offering free shots for children. The Public Aid Department, however, will pay the cost of inoculations for children of public aid recipients, the Governor said.

Incentives provided in the service include shots to prevent diphtheria, polio, tetanus, measles, mumps and rabella.

Refurbish Head Start center here

The Madison County Economic Opportunity Commission will perform \$78,490 worth of renovation work on the Granite City Pre-School Center, it was announced at last week's meeting of the Board of Education.

Situated in the four-classroom original Logan School, the center is leased by the school district to the EOC as the site of Head Start classes for pre-school children.

A new five-year lease extending to June 30, 1987, was approved by the board. The improvements include \$25,200 for installation of 3,600 square feet of six-inch thick insulation, at \$7 a square foot, with another \$1,260 for 3,600 square feet of 2x8 insulation. McClelland Dawn Turnbow, Christina Lance, Cindy Brown, Shannon Hartzell, Sarah Adams, and Lisa Sharp, 3,600 square feet of \$4-a-foot ceiling.

The four classrooms, each requiring 140 yards, will be carpeted at \$15 a yard, totaling \$8,400.

Also listed are \$5,674 to install a 50-gallon solar hot water system, \$4,000 to paint 9,000 square feet of interior walls, \$2,000 to repair 850 square feet of plaster, \$1,530 to install additional kitchen storage, \$500 to install fixtures for the handicapped, and \$475 to repair the kitchen floor.

Supt. B. J. Davis described it as "a good investment for the school." He said the district has no need for the pre-school building in the foreseeable future.

Lumber and paint purchases for district vocational classes, based on competitive bids, will total \$4,747 from Great Central Lumber Co., \$1,596 from O'Neill Lumber Co., \$857 from Metro and \$122 from Fehlig Brothers Lumber.

Replacement custodial equipment, to take the place of machines worn out or beyond repair, was the subject of bidding by eight suppliers. It was decided not to purchase at this time the two floor scrubbers and four vacuums on which bids were sought.

The board approved findings of a hearing, allowing an elementary pupil to be suspended "from bus privileges."

Stan Serwatka is resigning as director of intramural athletics at Lake School.

Mrs. Joyce Gasparovic will transport two local children to the high school deal program in Collinsville for \$40 per school day.

Bicyclist hurt on St. Clair Ave.

Kyu Tae Lee, 15, of 3346 Palm St., suffered an injury to his left leg in an accident involving a bicycle he was riding and an auto at 7:15 p.m. Saturday at St. Clair and Wayne avenues.

The young man, who was taken to St. Elizabeth Medical Center for treatment, was treated for pain and swelling to his leg before being released.

Driving the vehicle was Jeanne M. Spain, 18, of 3013 Willow Ave., who was turned onto St. Clair by Wayne when the car collided with the rear wheel of the bicycle which was crossing St. Clair.

Another youth, 15, who was reported riding on the handlebars of the machine at the time the mishap occurred, apparently was uninjured.

Wilson School programs start

Programs at Wilson School, for the 1982-83 season, have started and include practice of the school yearbook, the education of Mrs. Mary Kay Rogers and the Millers Club directed by Mrs. Sandra Bowler.

At the initial session of the PTA conducted by Mrs. Becky Chandler, the current president.

Students in the chorus meet each Tuesday from 3:15 to 4:30 p.m. at Marshall School, the president added.

Members of the chorus are Nick Kinser, Rhonda Legate, Alissa Pacheco, Bobby Bradford, Derek Marshall, Jennifer Brand, Tina Dickerson, Matt Hieronimus, Beth McClelland, Tara Simmons, Carla Walker, Kelly McClelland, Shelly McClelland, Dawn Turnbow, Christina Lance, Cindy Brown, Shannon Hartzell, Sarah Adams, and Lisa Sharp, Tracy Dodd, Taffy Smock, Monica Astorian and Tammy Kite.

Mrs. Bowler reviewed the progress of the club activity which is to start with three steps the first week and continue through the month of October with more each week until they have at the end of the year, equal to a mile. Students meet at the school each morning at 8:15 and run until they complete the daily plan.

When the October program is completed the school will be treated to a breakfast in the school cafeteria hosted by the mothers and Mrs. Bowler, it was noted.

Other mothers assisting are Karen Garner, Barbara Sansouise, Windy Martin and Janis Oberle. In other business, reports were given by Marsha Legate and Te Vrenick, school principal and PTA treasurer.

Refreshments were served after the meeting by Mrs. Brenda Brackett, hospitality chairman.

Charge woman with battery

Naomi Loraine Brackett, 22, St. Louis, was booked on a charge of battery in connection with an incident, occurring last week at the Greenhall Tavern, 801 E. Main, Oberle.

She was released from custody Monday upon paying a \$202 cash bond and after a \$250 serious charge, sought by Madison police, was declined by the Madison County state's attorney's office.

At the tavern, Miss Brackett reportedly started arguing with Gene C. Bense of Cahokia, who was seated at the bar.

Brackett allegedly struck the man in the face with a glass, lacerating his nose and left cheek.

The musician and leader of a band playing at the tavern, was taken to St. Elizabeth Medical Center for treatment, according to police.

WOMAN FINDS TWO INTRUDERS IN HOME

Deborah Bailey, 218 W. Second St., Madison, arrived home at 12:10 a.m. Sunday, noticed the door was open and found two intruders inside the apartment.

The men left when she came in.

One man, about 19 or 20 years old, was about short hair. The second was a youth about 15 years old and had dark skin. Entry was gained by forcing open the front door.

The intruders were wearing costume jewelry and \$10 cash.

Revive plans for Glen Carbon, Lansdowne to use GC treatment plant

By GEORGE ANN MCGEE
of the Press-Record

The sidetracked concept of the Granite City Wastewater Treatment Plant serving as a regional sewage system is undergoing a quiet behind-the-scenes revival.

In an effort to save both city and county residents from higher user fees, city officials are struggling to attract two potential customers — Glen Carbon residents and Metro-East Sanitary District Lansdowne plant users, which includes Madison and Venice residents.

The bottom line, according

to Granite City Mayor Paul Schuler, is to "treat everyone equally. Everyone's going to get the same rate."

In a meeting conducted last week by the Illinois Environmental Protection Agency, Granite City representatives revived the regional concept, according to Richard Carlson, EPA director. The intent of that session had been to bring Granite City and Glen Carbon officials together to discuss the possible connection of that village to the treatment plant here.

However, Granite City representatives suggested they could offer lower rates to Glen Carbon if Lansdowne users become part of that package.

As a result, Mayor Paul Schuler said, the EPA asked him to prepare a grant application for funds to review of Granite City's rate structure, including those possibilities. Ultimately, Glen Carbon officials would get a better idea what the revised Granite City "regional" rates would be.

The study would be a lengthy project, since it would have to be completed

before the Metro-East Sanitary District's own engineering study of its Lansdowne plant, said Schuler. That study by Horner and Shifrin, Inc., is a review of two alternate plans: to either abandon the inadequate Lansdowne plant and connect with Granite City, or to upgrade the Lansdowne facility with a secondary treatment system, required by the federal government.

According to Schuler, Granite City's proposed rate study also might incorporate the city's plant staffing

review, which could affect future rates, and another user rate study being arranged between the city and the county in preparation for the February expiration of the rate agreement between the city and users of Madison County's special sewer area facilities.

By combining all those up-to-date separate studies, the city could receive 75 percent funding through the state for the mixed venture, which would employ at least two engineering firms, including the Clark Dietz firm of Urbana for the Granite City plant staff study, and Sheppard, Morgan and Schwaab, Inc., Alton, for the county rate study.

Granite City's plant, with a treatment capacity of 23 million gallons daily, now operates at one-third use. As a result, the city is considering a rate hike from \$4.50 to \$9 per quarter to support its "white elephant," the 2,000 Glen Carbon users, and the numerous Lansdowne plant users — together representing a potential

market 10 times as large as the current users of the city's plant — seem an attractive way to distribute expenses, while making fuller use of the plant.

Schuler said the city has been considering approaching the Lansdowne market for a long time, but, until now, no concrete action had been taken.

At 7:30 p.m. Tuesday, the Metro-East Sanitary District plans a public meeting at Madison Fire Station to solicit comments from Madison, Venice, Caseyville, National City, Brooklyn, Caseyville, and Washington Park residents on the possibility of becoming Granite City treatment system users.

State Director Carlson said, there is no hurry now to make a decision whether Glen Carbon will connect with Edwardsville or Granite City, since the state is in the midst of a capital expenditure freeze.

Funding is the first state consideration in the project, said Carlson, who called the question of user fees the

second question, yet to be settled.

No deadline exists either for the Lansdowne project, said Carlson, but the sanitary district will be forced to increase its funding of the project from 25 to

45 percent, if progress is not made within the next year. Meanwhile, Glen Carbon Village Board Chairman Ron Foster said, his community will proceed with sewer plans for its own sewer system, just in case.

Phil Spence forming club for lovers of good music

An unusual club which soon will have all of its meetings televised is being formed by a well-known musician and former Granite City resident, Phil Spence of Highland, who is inviting Quad-City area music lovers to join.

The Southern Illinois Music Associates Club (SIMAC) will meet regularly in the studios of South Western Cable TV in Maryville starting in January and all meetings will be broadcast on the community access channel to those who have cable TV. Guest performers will be

invited to the meetings to play. Music will range from country and western to polka parties, Spence pledges. Most activities will concentrate on organ music, but other instruments and groups will be welcomed, Spence says.

Spence, who has made his living playing good music, says the club is open to all interested persons. "You do not have to know how to play the organ. The lone requirement is being a music lover."

There is no initiation or membership fee. Dues will be \$1 a month to cover the

cost of refreshments. Anyone interested in joining is being asked to put his name and address on a three by five-inch card and send it to Phil Spence, 608 Eighth St., Highland, Ill., 62249.

The newly-formed club's first activity will be a tour of Wick's Organ Co. in Highland Oct. 29. Only the 12 charter members are being invited on the tour, but it will be televised on cable TV, Spence said. The two-hour tour will include a concert by the resident artist on a Wick's pipe organ.

Paint-spraying vandals active

Four parked vehicles were damaged by paint-spraying vandals in Granite City, it was reported at various times last week.

Debbie Barnes, 2901 Idaho St., said black paint had been sprayed on the windshield, hood and side of her 1975 Mercury, which was parked at her home and Arthur Trachsel, 2820 Yale Drive, said his 1960 Pontiac also was sprayed with black paint.

The same vandals may have been responsible for throwing paint on a 1973 Dodge, owned by Richard Watkins, 172 Briarwood Lane, and Bill McAmish, 3320 Colgate Ave., reported his 1979 Cutlass also was sprayed with black paint.

Anchorage plans trips and events

Plans for dinners, parties and tours were announced at a meeting of Anchorage Senior Citizen Club, last week.

Mrs. Augusta Lampe, president, presided and announced the Salvation Army Senior Citizen Club will host a luncheon rally on Tuesday, Oct. 19. Registration for transportation was made no later than Oct. 13, she added. The Granite City Business and Professional Women's Club will entertain club members from 6:30 to 9 p.m. in the Anchorage Hall on Thursday, Oct. 21, Mrs. Lampe noted.

Other plans include a Thanksgiving potluck dinner on Nov. 17 and a catered Christmas dinner on Dec. 15 at a cost of \$2 per person. She also told of a trip to Our Lady of Snows in Belleville to view the holiday lights on Dec. 9. A bus will leave Anchorage at 6:30 and return at 9 p.m. and is arranged for Anchorage residents only. Bus fare and money for the dinner must be in no later than Dec. 1, she explained. Those appointed to a nominating committee were Margaret Rudder, Lucille Hodges and Carrie Durrell. They are to present a slate of officers for election at the Nov. 3 business meeting and the treasurer, Vivian Mitchell will also collect dues.

Reports were given by Johanna Gerald, Vivian Mitchell and Mary Ahlvers. An invitation was received from the Old Six Mile Historical Society to attend

an antique sale at St. Elizabeth Church on Oct. 23 and 24.

Birthday members honored were Mary Measki who marked her 92nd birthday and Bessie Melton, Mary Ahlvers and Reatha Bowler. Mrs. Bowler introduced her guests, Mrs. Harriet Hoff, her daughter, Mrs. Beth Ravanelli, a granddaughter and her infant son.

Prize winners in the afternoon games were Rose Smith, Rose Zotti, Marie Tessera, Vi Scrivener, Alice Crews, Edna Ishum, Teresa Walkenbach, Lena Harman, Ida Carriss and Louise Orr.

CAR HITS GIRL, 13. FLEES FROM SCENE. The auto of a hit-and-run motorist struck 13-year-old Agnes C. Holt, 2505 Kirkpatrick Homes, at 3:30 p.m. Thursday. She was taken to St. Elizabeth Medical Center for treatment of multiple bruises.

The mishap occurred in the 2900 block of Nameoki Road when she began to cross the four-lane street, heading westward. She was hit and knocked backward by the right front of an auto which was northbound in the easternmost lane.

ALLEGE WOMAN IS DISORDERLY. Called last week to Ken's Lounge, 1539 E. 20th St., to assist a Granite City ambulance crew which was having problems with a woman, officers arrested Carolyn J. Davis, 30, of 2311 Bryan Ave., who allegedly was lying on the floor, pounding a wall. She was charged with disorderly conduct, after she allegedly refused to cooperate and had to be forced from the squad car at police headquarters.

Hudson returns to the tube

By ALAN L. GANSBERG

HOLLYWOOD — Although he once said the series game was no longer for him, ROCK HUDSON is back on NBC in "The Devlin Connection" and the star of more than three decades says he knows he hasn't made a mistake.

"When they presented me with 'Devlin' I thought it was a pretty good story idea," Rock said. "It's a comedy, which I think we can use a little more of. I like the kid who is playing my son, JACK SCALIA. Also, I could see myself doing this for five years, which is how long they want a successful series to run."

"Devlin" is the story of an ex-CIA agent turned director of a cultural center who is confronted by a fledgling private eye who turns out to be the son he never knew he had. The stories focus on their relationship and father getting involved helping son solve his cases.

"It's a kid of the streets and an older guy who knows how to use his brains," Rock described it. "The story line is secondary to what the story is really about — Brian and Nick. The accent is toward the fun they have solving the crime, rather than who did it. We're not interested in car chases."

He's glad the series will highlight "the best areas, not the back alleys. It has a nice look. And with my character as head of a cultural center, the society crowd will be involved."

Rock had heart by-pass surgery earlier this year, which halted production on "Devlin," but he insists he's feeling "terrific" with full strength back. There have been some changes in his routine, though. He sleeps more, drinks less alcohol.

"I've given up eating red meats," he said. "I eat lots of fish now. I feel so much better. It digests easier." Then he adds with another laugh, "I must be getting old."

Not old enough to want to write his memoirs, Rock insists he will never do what other stars have done

and pen an autobiography. He claims "you can never tell the truth in one of those books. You can't see every side of the picture."

Besides the series, Rock hopes to vary his other roles, do more films. He likes the work, even though he says he's tired of the business of show business. And, this star has never been nominated for an Emmy because to do so, an actor has to send in the nomination application himself. Rock is too modest for that.

There is talk of reviving the old "rifleman" series as a western feature. CHUCK CONNORS and JOHNNY CRAWFORD, who started in the half-hour program, have agreed to appear.

After a rest of several years, SANDRA DEE is making a comeback. She has already filmed a "Fantasy Island" episode for this season and has signed to appear in a feature entitled "Skipper."

But perhaps one of the casting coups of the season is the scheduled appearance of RICHARD BURTON on "The Fall Guy," a stint he agreed to take because of his friendship with series star LEE MAJORS. It is not the first time Burton has done an episode of a series — trivia nuts will remember when he appeared on "Here's Lucy." Now rumors are flying that Burton is willing to settle down in a series himself.

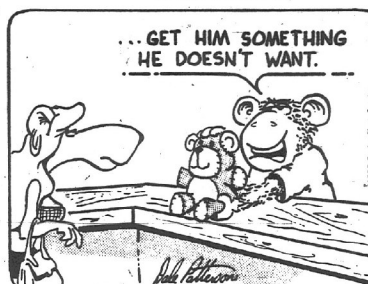

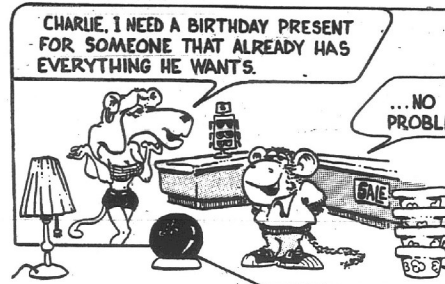

And JANE FONDA has just finished work on an episode of "9 to 5," the series based upon the movie — both of which she owns. Fonda was cast as a night security guard. The idea is to bring attention to the series and perk up those ratings.

Hollywood has been whispering that "Jinxed," the film starring BETTE MIDLER was living up to its name. The feature had been sitting on the shelf with no release date for more than a year. Well, fans of the Divine can probably expect an opening toward the end of October.

Geriatric by Paul Norris & Lyle Swigart

Think About Tomorrow

Glee Paul B. Lowmyer

Why don't you ever ask me for a date?
 Want the truth?
 Yes.
 I would if you'd lose 30 pounds.
 Now do you want the truth?
 Sure.
 If I lost 30 pounds, I could do better than you.

HOLLYWOOD HEADLINERS

Jimmy Komak who created "Chico and the Man" as well as "Welcome Back, Kotter" has been set to write and direct two new comedy pilots for NBC-TV.

One is "Heavens to Betsy" about a little girl who is a trial angel. Gary Coleman will guest star in the pilot which will roll in January.

The other is "Baby, It's Cold Outside" dealing with the misadventures of military personnel in Northern Alaska. It will film in December.

Sylvester Stallone's 28-year-old brother Frank, will appear with Lynda Carter in "Reachout," a two-hour "CBS Movie of the Week."

Meanwhile, he's just recorded "Take You Back," a second single from the "Rocky III" soundtrack. Frank wrote the song and performed it in the flick.

Patti Davis' love interest in "Escape to Love," a "Romance Theater" episode, is Aharon Ipale, a former Israeli army officer who is now a professor at the University of California at Los

Angeles, as well as an actor.

While moonlighting for the cameras, Ipale bicycled between the UCLA campus and the studio.

"Twigs," a comedy written for Cloris Leachman in which she toured to win both the Josph Jefferson Award and the Sarah Siddons Actress of the Year Award, was videotaped at the Fisher Theater in Detroit for airing over The Entertainment Channel, a pay-cable network.

Though "Twigs" was written for Cloris, she couldn't star in the Broadway production which opened in 1971 because of the TV series commitments.

If Tony Randall and Jack Klugman were an odd couple, Randall and Kaleena Kiff's mother are even more of a mismatch, philosophically speaking.

Kaleena plays the little girl in "Love Sidney," the series which drew such violent opposition from fundamentalist churchmen last season.

Randall says, "The fact

is, the controversy is what made us a hit. I don't think 'Love Sidney' would have made it without the criticism."

The Kiff family agreed that Kaleena should be in the show because, as Mrs
